Transcript of what stated by Antonio Tricarico with time code:

min. 29,49

“Dall’agosto del 2015 si è consolidata la scoperta di Zohr rispetto alle riserve significative e da allora c’è stato un negoziato che ha portato alla firma di un accordo di lease, come si chiama, nel 21 febbraio 2016, quindi una sovrapposizione direi totale”

min 31,24

“E’ stata la strategia di Descalzi che, insieme ovviamente poi a qualche altro attore della diplomazia internazionale e altre società petrolifere, ha di fatto tirato fuori dalle secche economiche e finanziarie l’Egitto di Al Sisi.”

Unofficial translation into English:

“Since August 2015 the discovery of Zohr has been consolidated with respect to significant reserves and since then there has been a negotiation leading to the signing of a lease agreement, as it is called, in 21 February 2016, so a total overlap”

“It was Descalzi's strategy that, together of course with a few other players in international diplomacy and other oil companies, effectively pulled Al Sisi's Egypt out of the economic and financial doldrums.”
