- measures that encourage communities to collaborate or engage in the prevention and fight of all forms of Antisemitism;
- measures that develop and implement effective support for victims of antisemitic incidents and/or improve the data collection of various forms of antisemitic incidents and/or raise awareness of antisemitism being a societal threat.
- measures that aim at diminishing the perception gap of the threat of Antisemitism between the Jewish community and general population or foster knowledge about various forms of modern antisemitism.
