		insurance periods".					
Measure 2 Amendment of the corridor pension	Reduce inflows in this pension scheme.	The required insurance period increases stepwise to: - 38 years in 2013 - 38.5 years 2014 - 39 years in 2015 - 39.5 years in 2016 and - 40 years in 2017	2. Stabilitäts- gesetz 2012 (BGBI I Nr. 35/2012)		For birth cohorts 1955 and downwards (62 years old in 2017) the yearly deduction will be elevated from 4.2% to 5.1% for claiming a corridor pension before reaching the statutory retirement age.	Contribution to employment target by restricting access to early exit channels.	
Measure 3 "New disability pension"	Reduce access to disability pensions and concurrently promote labour market reintegration.	Only in cases of permanent disability an entitlement to a disability pension is granted and for those born in 1964 and downwards no access to a (limited) disability pension is granted anymore. Rehabilitation and retraining measures are obligatory	SRÄG 2012 (BGBI I Nr. 3/2013)	Within the last year altogether 16.1 % less disability pension were granted. Furthermore the effective retirement age of persons who claimed a disability pension increased by 30 months.	Improve- ment of retraining measures in the context of disability.	Contribution to employment target.

Measure 2 Up-skilling and differ- entiated courses	Utilization of competences acquired abroad for better LM-integration	Adaption and up-skilling measures, building on already existing competences; specific German language courses. Strong representation of young people with a migrant background in youth measures. Enhanced cooperation with external counselling providers.	Measures offered by PES			Contribution to employment target (see also table 3)		
Measure 3 Coaching and counsel- ling for ap- prentices and training companies	Avoiding drop - outs from the appren- ticeship system with a special focus on women in atypical professions, young people with migrant background and SMEs	The program "Coaching and counselling for apprentices and training enterprises" supports apprentices and trainers in training-related or personal challenges.	The legal implementati on is being effected by a directive based on the Austrian Vocational Training Act (Berufsausbildungsgesetz); (Directive according	Based on the results of the evaluation of the pilot project, the affected Directive was adapted and three additional key aspects – women in atypical professions, young people	Start of the Austrian wide Call in summer 2015; start of the program in Autumn 2015	Reducing drop- out rates		

	The aim is to reduce the number of drop-outs and to foster positive final apprentice-ship examinations. §19c para 1 no. 8 Austrian Vocational Training Act)	and SMEs - are defined. In autumn 2014 a coordination office was es- tablished to ensure an ef- ficient Austri- an wide roll- out and a fur- ther efficient processing of the program.		
Measure 4: National Action Plan for Gender Equality in the Labour Market (NAP Gender Equality) Gender Equality to promoting the position of women in Equality) the labour market and gender equality.	The NAP contains four strategic targets: 1. Diversify the educational path and the choice of training and career, gender sensitive career guidance. 2. Increase labour force participation and full-time employment of women. 3. More women in executive positions. 4. Reduce the gender pay gap. The NAP's aim is to pool relevant activities and to ensure a coordinated	Continuation of the National Action Plan in line with the Austrian government programme 2013-18	education target

			cultures and selection decisions.		nominations.			
	Measure 15 Staff income reports	Making companies' pay schemes transparent: Create income transparency; deal with and build awareness of gender pay gaps in companies; take measures to reduce pay gaps.	A graduated plan for the implementation of the obligation imposed on companies over a certain size to draw up staff income reports (reports on pay) every two years. Offer of workshops for these companies. Manual how to draw up the income reports.	Amendment to Equal Treatment Act 2011	2014: Became obligatory for companies with more than 150 employees. An estimated number of additional 1,640 companies with an estimated total of 266.000 employees was obliged to draw up income reports for the first time.	Evaluation on the implementation and impact of the legal obligation to draw up income reports to be completed in mid-2015.	employment target, poverty / social inclusion target	
	Measure 16 Indication of wage in job advertiseme nts	Reducing gender specific pay inequalities by increasing paytransparency. Better information for women and men on jobs offered.	Legal require- ment for em- ployers to state the col- lective mini- mum wage in job vacancy advertise- ments as well as to indicate readiness to overpay.	Amendment to Equal Treatment Act 2011.		Evaluation on the implementa tion and impact of the legal obligation to indicate the collective minimum wage to be completed in mid-2015.	employment target, poverty / social inclusion target	

Measure 17 Employment Initiative 50+	Promoting employability and increasing the employment rate of older workers.	Raised awareness of employers on benefits of recruiting or retaining older workers (know-how and experience, working in age-diverse teams, etc.). Increased publicity of support measures for older unemployed (e.g. wage subsidies and in-work benefits, temporary	LMP measures, Ministry of Labour, Social Affairs and Consumer Protection, Public Employment Service)	Scheduled from 2014 to 2016. The current PR campaign "Employment Initiative 50+" (TV spots, newspaper advertisements, web site) was launched in December 2014.	It is expected that on average around 20,000 persons (p.a. 2014- 2016) will benefit from the measures included in the initiative.	Contribution to employment target. 8.000 permanent jobs p.a. expected.	€ 370 million for active LMP measures.	
Measure 18 "fit2work" programme	Preservation of employability, reduction of sick leave and reduction of the yearly inflow into the disability pension scheme; increase of employment rate of older workers	in social enterprises). Voluntary, free-of-charge information, counselling and support programme for persons and enterprises.	Regulated in Work and Health Act (AGG 2010)	Started as a pilot in 2011; nation-wide roll-out completed in 2013. fit2work supplementary project offering psychologyical and psychotherapeutic treatment launched in spring 2014 to overcome	Enhanced concept for upcoming programme periods (2015/16-2019), e.g. stronger focus on professional reintergration in the workplace (BEM).	Contribution to employment target (see also table 3)		The evaluation of the pilot showed that each Euro spent has at least a threefold return within one year, while some studies speak of a return on investment of up to 1:10.

Measure 4 Integrated vocational training (IBA) - partial quali- fications	Support for disadvantaged young people in dual system; entry into regular VET track	To promote apprentice-ships after §8b (2) BAG: - Training networks (both interand intracompany training) - basic support - Measures for apprentices with learning difficulties - Training of trainers	The legal implementation is being effected by a directive based on the Austrian Vocational Training Act (BAG)	The program is well established.				
Measure 5 Improvement of school entry-phase, strengthening primary schools, basic competences	Improve the transitions from kinder-garten to primary school and strengthen basic competences.	The last kindergarten year and the first 2 years of primary school shall be understood as a joint schoolentry-phase. In the whole elementary stage, teaching across age groups shall be possible. Provision of language support courses if needed. Change modus of performance	Decree on performance appraisal. School Teaching Act	Work on the development of guidelines for school inspection since June 2013. Ongoing work on curriculum development. Conditions for a successful transition are identified and piloted in networks (comprised of kindergartens and schools) at 70 locations in all Austrian provinces.	Plan on development of Decree on performance appraisal. Ongoing work on curriculum development. Continuation of work on the networks. Preparation of the appropriate legal instruments.	Enhanced educational outcomes, in particular of disadvantaged young people		Improved basic competences and increased employability. Enhanced educational outcomes. Better transitions.

		Competence- oriented curricula. Focus on basis competences and cultural skills.		The work in the networks is accompanied and supported by the Ministry of Education and Women's Affairs.	implement- tation of the new school entry-phase with clear education objectives and scientific evaluation is planned for 2016/17.			
Measure 6 Improve reading and language competences, in particular support for pupils whose first language is not German	language and reading outcomes of children, in particular those with a migrant background and/or from a socially disadvantaged background.	Further development and evaluat- ion of com- prehensive models of language support in 80 networks (schools, kindergarten in cooper- ation with university teacher train- ing colleges and regional school boards) in all Austrian provinces. Language support courses for ex-matricular pupils whose first language is not German.	Amendment of the School Organisation Act (2012) in order to consolidate language support courses. Published in the public gazette Nr. 48/2014 Decree on interpreting the language development of pupils in German (USB DaZ), October 2014	Conditions for effective language support measures are piloted and evaluated in networks (each incl. kindergarten and teacher training college) in 80 school locations in all Austrian provinces. Extension until the school year 2015-16 of the two-year language courses for 'ex-matricular pupils' whose second language is German. This	Continuation of work on the networks. Preparation of the appropriate legal instruments. Continuation of ESF projects in the new ESF 2014-2020 In-service training for teachers with USB DaZ	The measure helps to improve educational outcomes, reduce early school leaving and enhance equal opportunities – especially for disadvantaged young people. It therefore contributes to the achievement of the EU 2020 education targets.	Partially ESF funded (projects in VET sector).	Improved language and reading outcomes of children, in particular those with a migrant background and/or from a socially disadvantaged background. Pupils will acquire language skills they need to follow lessons and towards improved academic performance. This will also make it possible for them to participate actively in lessons and to further their integration into the class. Better transitions between kindergartens and the schoolentry phase.

Measure 9 Initiative for Adult Education: Free second- chance education for the pro- vision of basic educational qualifications for adults	Equal opportunities and increase in the education levels of educationally disadvantaged persons.	Free offers of courses for basic education and compulsory school education; general quality standards, competence-orientation, adult-appropriate and modern forms of implementati on tailored to the target groups.	Agreement according to Section 15a of the Constitution between the Federal Government and the provinces in order to continue the Initiative for Adult Education from 2015- 2017. Federal Act on the acquisition of the compulsory school certificate by young people and adults	Implementati on of measures within the framework of the Initiative for Adult Education since 1 January 2012. Evaluation of the program for the first period 2012-2014 (to be published in the first half of 2015).	Spring 2015: Call for Proposals within the European Social Fund (ESF), based on the Operational Programme Employ- ment Austria 2014-2020.	Increase of qualification levels, reduction of disadvantages.	Provision of necessary budgetary means, achievement of further target groups.	Within the framework of the Initiative for Adult Education, around EUR 75m are available for the period 2015-2017 (basic education: provinces 25%, Federal Government 25%, ESF funds 50%; completion of compulsory school education: provinces 50%, Federal Government 50%).	Reduction of the number of persons without basic education, increase in the number of persons with basic educational qualifications, increase in the permeability of the education system.
			(Compulsory School Examination Act, since 1						

			September 2012) (Federal Law Gazette I No. 72/2012).					
Measure 10 Combatting dropping- out, including youth and apprentice coaching	Provision of support and career orientation for students /apprentices at risk of dropping out. Youth coaching starts at compulsory school level.	Youth coaching is a measure to keep young people in the education and training system as long as possible or alternatively reintegrate them into the system. Apprentice coaching tries to avoid young people dropping out of the dual system. It is a pilot project in four provinces in Austria (Vienna, Tyrol, Styria, Upper Austria)	The cooperation project between the Ministry of Social Affairs and the Ministry of Education has been completely implemented by institutions commissioned by the Federal Social Welfare Office (Sozialministeriums-service).	Cooperation with Ministry of Labour and Social Affairs to support the follow-up measure "Fit for Training" (New Title since 2015: "Production Schools") which was funded by the Ministry of Labour and Social Affairs and started in 7 provinces in January 2014	Nationwide Extension of "Production Schools" (more information : BMASK)	Further reduction of the rate of early school leavers and dropouts in the dual system (improving the ESL rate).	Funding from the Ministry of Social Affairs	Youth coaching is an external measure at school to deal with ESL; the new support system will improve the counselling system with a strong focus on disadvantaged students, especially with migrant backgrounds. Youth coaches are social workers or psychologists who support students at risk in a three stage counselling process that is based upon the notion of case management. Youth coaching provides educational and career orientation as well as support for students with special needs.
	Provision of "Übergangs-stufe" to avoid drop out of pupils	Pupils can choose the curriculum of the "Übergangsstufe" as a kind of preparatory	has been implemented as a pilot programme at various schools In different provinces.	During the last 12 months altogether 12 schools across Austria have	It is planned that the project will continue as	Reducing the school drop-out rate as proposed by the Europe 2020 targets for	Overall expenditure: € 3,5 million ESF: Co- financing: € 1,6	The current dropout rate will decrease: more pupils will successfully pass the first year of a vocational school or college und and more pupils will be entitled to move on to

	in the first year (9 th grade) of a vocational school or college because of a lack of basic competences.	form to refresh and upgrade their basic competences which are necessary for the successful completion of the school entry phase in vocational schools and colleges.	The respective curriculum was designed before by an expert group.	launched the project Übergangs- stufe.	requested by the schools, if the competen- ces of the in-coming students do not match the required standards.	education.	million	the successful completion of a vocational programme.
Measure 11 Educational and professional career guidance	Provision of support and career orientation for all students especially those at risk of early school leaving.	Anchoring of "career education" (BO) as a subject in lower secondary schools Obligation of schools to create a site- specific implementa- tion concept of career education and career guidance. Training measures for teachers	Curriculum regulations of the new middle school (NMS) and secondary academic school (AHS) Circular (RS) 17 from 2012 List of teacher competences relevant for career education included in the handbook for the formulation of curricula in teacher education	NMS: The new curriculum has reached the relevant 7th grade in most schools: collecting practical experience with the explicitly designated hour as a separate teaching subject. A first draft of a definition of quality standards for the realisation of career education ("ibobb" (information, advice and guidance for education and	2015: Discussions with school inspectors on the definition of quality standards for the realization of career guidance "ibobb" in schools. 2015 - 2016: Further specification of the measures in the AHS (building on the existing curriculum directive). Integration of BO (career	Further reduction of the rate of early school-leavers through well-prepared education and career choices.		Pupils make well-prepared education and career choices. This will reduce the number of school changes and school drop-outs.

Measure 12 Reform of teacher education (PaedagogIn	The policy goal is to implement an overall concept for	Implement- ation of a permeable new teacher training	Federal Framework Law on the introduction of the new	career) in schools was developed. 2014: Completion of the nation-wide train-the-trainer course on coordination of career guidance "ibobb" measures Amendment of the Federal Framework Law on the introduction	guidance) in the curricula for teacher education Co- operation agreements between training	This measure has systemic effects on the entire educational	Securing a continuous readiness to cooperate across the concerned	Nationwide reform of Austrian teacher training with a systemic impact on the entire education system.

B tl b fi h	Measure 45 Broadening he financial base for the inancing of higher education	Broadening the financial base for the financing of higher education	a) Raising the basis contribution to the universities budget		2013-2015	2016-2018	impact on the universities' funding	300 million Euro 2013-2015, additional 315 million Euro 2016-2018 national funds	

	b) Higher education area structural funds	Verordnung/ Decree	2013-2015	2016-2018	Impact on the universities' funding and on the EU 2020 target. Contribution to CSR 3 "reducing drop-out rate in higher education"	450 million Euro 2013-2015, 750 million Euro 2016-2018 national funds	
Measure 6 Conditions for studying for studies in higher education	measure 9 on	Performance agreement			Improvement of the teaching and overall study situation. Impact on the EU 2020 target and contribution to the CSR 3 "reducing dropout rate in higher education"		
Measure 7 Increase the number of testing active studies, as well as increasing the number of graduates Increase the number of testing active studies, as well as increasing the number of graduates Increase the number of testing active studies, as well as increasing the number of graduates	"number of testing active	Verordnung/ Decree			Increase the number of higher education graduates, contribution to the EU 2020 target as well as to the CSR 3 "reducing drop-out rate in higher education"	Funding from "Higher education area structural funds"	
Measure 8 Increase the Increase	available depending on the number of graduates of bachelor,	Verordnung/ Decree			Increase the number of higher education graduates. Contribution to the EU 2020 target	Funding from "Higher education area structural funds"	

groups"		a weighting according to subject groups)					
Measure 9 Strengthen- ing Quality and MINT		Continuing support to improve the situation in the so-called "overcrowded -subjects" and the strengthening of the important MINT subjects (mathematics, informatics, natural sciences and technology	Performance agreement			Increase the number of higher education graduates, contribution to the EU 2020 target as well as to the CSR 3 "reducing dropout rate in higher education"	Funding from national funds
Measure 10 Guidance for educational and career choices	Increase the quality of study choice guidance and promotion of well-considered choices. This is relevant for the reduction of the drop-out rate in higher education	Guidance for educational and career choices ("18plus Berufs- und Studiencheck er") and Trying out studying ("Studieren probieren")	administrative instruments	further increase in the number of schools participating in the "18plus Berufs- und Studienchecker" programme	441 schools (65% of all) have been participating in 2014/15. The aim for 2015/16: 500 participating schools	Contribution to the EU 2020 target as well as to the CSR 3 "reducing drop- out rate in higher education"	

		Measure 11 Introduction and orientation phase	University introduction and orientations phase; It is relevant for reduction of drop-out rate in higher education	The orientation period provides students with an overview of the most important contents of the study programme and its continuation. It is a relevant basis for the student's own evaluation of their choice of studies. The orientation period includes at least two examinations.	Law		Evaluation in 2015	Contribution to the CSR 3 "reducing drop- out rate in higher education"			The goal of the orientation period is the fundamental orientation to the contents of the studies and not a quantitative admission restriction.
CSR 4 Competit ion and services	a) Removal of excessive barriers for service providers	Measure 1	Improvement of business environment less regulatory burden for service enterprises	abolishment of the current interdiction to do direct sales with cosmetics	law	In accordance with DIR 2006/123/EG an amendment to the Trade Act 1994 (Gewerbeordnung 1994 - GewO) is under preparation with the following content: Preparation, public consultation has been made	ongoing legislative procedure in parliament, approval of Nationalrat on 26.03.2015	could have some positive effect on employment	none to be expected	no relevance	Enhanced supply, easier market access for distribution of cosmetics

Measure 3	Improvement of business environment easier access to regulated professions, less regulatory burden for service enterprises	application of provisions on freedom of services also to Swiss citizens	law	In accordance with DIR 2006/123/EG an amendment to the Trade Act 1994 (Gewerbeordnung 1994 - GewO) is under preparation with the following content: Preparation, public consultation has been made	ongoing legislative procedure in parlia- ment, ap- proval of Nationalrat on 26.03.2015	none to be expected	no relevance	Enhanced supply with services from Switzerland
Measure 4	Implementati on of a new nationwide enabled Central Trade Register	Implementation of a new nationwide enabled Central Trade Register (Gewerbeinformationssystem Austria -GISA), which replaces the current system of Decentral Trade Registers (totally 14) and the current Central Trade Register. Necessary procedures according to the Trade Act 1994 when entering or modifying business ac-	Amendment of Trade Act, BGBI. I Nr. 18/2015		commission ing: 27. 3. 2015			It is expected, that the current nationwide rate of electronic process starting will rise from currently 36% to a minimum of 50%; which is equal to a rise of about 10.000 entrepreneurs, which will make use of this new egovernment offer. Entrepreneurs, that make use of this possibility, can count to lower their time effort from about 32 hours (if done by paper) to about 20 hours (if done in electronic way); this comes up with a saving of about 550 Euro in each case and a total lowering of administrative burdens of about 5 Mio. Euro for commerce and industry. The potential is adequate higher, depending on the
