

Estonia

Document sent to the Commission on:		22 December 2011
Roma population	Estimate in the document	approximately 600-1 000
	<i>Council of Europe estimates</i>	<i>approximately 1 250 i.e. 0.10 % of the population</i>
Approach		Integrated set of policy measures

	KEY ELEMENTS	IDENTIFIED GAPS
Education	<p>The strategy includes in particular the following positive elements:</p> <p>Exchanges of best practices among schools.</p> <p>In-service training of school staff on Roma culture.</p> <p>Support to learning the Romani language.</p>	<i>Measuring the impact of the equal treatment approach on the situation of Roma is necessary.</i>
Employment	<p>Measures are included within the mainstream political frame.</p> <p>Roma have the right to access labour market services and benefits as all other permanent resident in Estonia.</p>	<i>Measuring the impact of the equal treatment approach on the situation of Roma is necessary.</i>
Health	<p>A link has been established between the socio-economic situation of Roma and their access to healthcare.</p>	<i>Measuring the impact of the equal treatment approach on the situation of Roma is necessary.</i>
Housing	<p>The main responsibility lies in the hand of local authorities.</p>	<i>Support measures to local authorities in the planning and delivery of social housing interventions, as part of an integrated approach, would be needed.</i>
Structural requirements and funding	<p>The strategy refers to nine Roma associations and cooperation and active dialogue are ongoing with some of the local associations.</p>	<i>Measuring the impact of the equal treatment approach on the situation of Roma people is necessary.</i>
