

# 2021 Rule of Law Report - targeted stakeholder consultation

Fields marked with \* are mandatory.

## Introduction

---

The first annual Rule of Law Report was published on 30 September 2020. It is the core of the new European rule of law mechanism, which acts as a preventive tool, deepening multilateral dialogue and joint awareness of rule of law issues.

In the preparation of the first annual Rule of Law Report, the Commission relied on a diversity of relevant sources, including from Member States, country visits, and stakeholders' contributions collected through a targeted stakeholder consultation[1]. The information provided has informed the Member State-specific assessments of the Commission in preparing the Report. Building on the positive experience from the first Rule of Law Report, the Commission is inviting stakeholders to provide written contributions for the preparation of the 2021 Rule of Law Report through this targeted consultation.

The contributions should cover in particular (1) feedback and developments with regard to the points raised in the country chapters of the 2020 Rule of Law Report and (2) any other significant developments since January 2020[2] falling under the 'type of information' outlined in next section. This would also include significant rule of law developments in relation to the COVID-19 pandemic falling under the scope of the four pillars covered by the report.

The input should be short and concise, if possible in English, and summarise information related to one or more of the areas referred to in the template. You are invited to focus on the areas that relate to the scope of work and expertise of your organisation. Existing reports, statements, legislation or other documents may be referenced with a link (no need to provide the full text). Stakeholders are encouraged to make references to any contributions already provided in a different context or to Reports and documents already published.

Contributions should focus on significant developments both as regards the legal framework and its implementation in practice.

Please provide your contribution by 8 March. Should you have any requests for clarifications, you can contact the Commission at the following email address: [rule-of-law-network@ec.europa.eu](mailto:rule-of-law-network@ec.europa.eu).

**If you encounter persisting difficulties in submitting your contribution, please submit it directly by email to [rule-of-law-network@ec.europa.eu](mailto:rule-of-law-network@ec.europa.eu)**

As a Slovakian I have to admit that existing Government acts illegally against our constitution either in Covid case or other parts of society. Authorisation bodies are forcing to follow new rules and other laws which are against our constitution. Measures used to identify infected people are wrong. After last disclosure it is evidence that Great Britain is behind testing Slovakian population by anti-gene tests. Instead try to stay home and not to meet we are forced for regular weekly testings where people are queued. Shocking. Instead of finding new medications and vaccines and prevention we are testing. The whole world reads what can help but we don't. It is against our constitution to not provide medical help and prevention!! I believe the human rights what are guaranteed by international law are hugely not respected but even worst humiliated by Government of Igor Matovic, by our Police, Military, National Health System and other authorities. Our society is divided as never before. We need EU Law Authority to step in and stop existing Government acts illegally, bring new Elections and stop this Wild Wild West gang to humiliate and destroy our young country, people, families and finally elderly people who are not treated equally.
