

Hello,

I'm trying to send you comments, but I haven't been able to fill out the "About you" form for 20 minutes (site still in progres), so I'm sending it to you by email:

Hello, please pay attention to the situation in Slovakia:

1. Repeated voting of deputies of the National Council of the Slovak Republic prolongs the state of emergency, which is in conflict with the Constitution of the Slovak Republic.
2. Deputies declare binding regulations for citizens in the form of a Decree, not a Act, which is in conflict with the Laws of the Slovak Republic.
3. Compliance with illegal regulations in the form of Decrees and No Acts is enforced by the Police of the Slovak Republic, which imposes fines and restricts people's freedom of movement.
4. Children do not have access to education, which is guaranteed by the Constitution of the Slovak Republic, because school attendance is not allowed in person, but on-line in a very non-transparent way, where there is discrimination against children who can and cannot go to school (discrimination according to their age, employment of their parents, the founder of their school...).
5. Unlawful enforcement of participation in testing on Covid-19, although it is always presented as voluntary. No way to work is possible without a test! Children cannot attend school without their parents' test!
6. The state leadership issued a note to doctors not to prescribe, so the population does not have access to medical treatment at the time of Covid-19 and so most end up in very poor condition in hospitals that are no longer able to handle it. The state is not able to provide appropriate treatment with the certified drug Ivermectin and although it was approved in January, to this day 08.03.2021 is not available in pharmacies in the required amount.
7. The Minister of Defense called to the streets to protect the order of soldiers, which is in violation of the Laws, because it can be done only by the President of the Slovak Republic.

8. The Ministries of the Slovak Republic purchase contracts in a non-transparent manner, without tenders, without any control, and justify their actions by an "emergency situation" that has been approved illegally.

Please address my comments as they are very serious.

Thank you very much.

Best regards
