**Subject: Commission's commitment to ban cages**

Dear Sir, dear Madam,

Commissioner Várhelyi asked me to thank you for your recent messages presenting a petition <sup>(1)</sup> calling on the Commission to keep its promises and to introduce legislation on the ban on cage farming, thus fulfilling its commitment following the European Citizens' Initiative "End the Cage Age".

I would like to reassure you that animal welfare is a key priority for this Commission, and we are committed to a comprehensive approach that ensures that the EU maintains high standards in this area.

Building on the Vision for Agriculture and Food, the recently published EU Livestock Strategy <sup>(2)</sup> provides that, by the end of 2026, the Commission intends to propose a targeted revision of animal welfare rules for laying hens and broilers, focusing on the phasing-out of cages, practical on-farm welfare indicators, ending the systematic killing of male chicks and equivalent import requirements.

By second quarter of 2027, the Commission intends to propose a targeted revision of animal welfare rules for pigs, including the transition from crates to pen systems, practical on-farm welfare indicators, and introducing WTO-compliant equivalent import requirements.

I would like to thank you for your commitment to animal welfare.

Yours sincerely,

*[e-signed]*

Bernard Van Goethem
