

WITHDRAWAL AGREEMENT JOINT COMMITTEE ANNUAL REPORT FOR THE YEAR 2020

Report from the Secretariat to the Joint Committee on the implementation of the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community (The Withdrawal Agreement) for the calendar year 2020

INTRODUCTION

1. The Withdrawal Agreement (Article 164) established a Joint Committee to supervise and facilitate the implementation and application of the Agreement. The Withdrawal Agreement requires the Joint Committee to issue an annual report, drawn up by the Secretariat, each calendar year. This report is provided pursuant to Article 164(6).
2. The Secretariat to the Joint Committee operates under the authority of the Joint Committee co-chairs to perform the tasks conferred on it, as outlined in the Rules of Procedure of the Joint Committee and Specialised Committees (Annex VIII). The Secretariat is composed of officials from Her Majesty's Government of the United Kingdom and the European Commission.
3. The Withdrawal Agreement requires the Joint Committee to meet at least once a year. During the transition period (i.e. from 11pm UK time on 31 January 2020 until 11pm UK time on 31 December 2020), the Joint Committee met six times, on 30 March, 12 June, 10 September, 28 September, 19 October and 17 December 2020. Given the COVID-19 restrictions all through the year, meetings were held entirely by video conference or as in mixed in-person/video conference format, when it was safe to do so.
4. In Article 164(4), the Withdrawal Agreement sets out the Joint Committee's responsibilities, including supervision of six Specialised Committees¹ on:
 - Citizens' rights;
 - The other separation provisions;
 - Issues related to the implementation of the Protocol on Ireland/Northern Ireland;
 - Issues related to the implementation of the Protocol relating to the Sovereign Base Areas in Cyprus;
 - Issues related to the implementation of the Protocol on Gibraltar;
 - The financial provisions.
5. This report provides an overview of Withdrawal Agreement activity from its entry into force on 1 February 2020 until the end of the transition period, on 31 December 2020. There are two sections: (1) Withdrawal Agreement Joint Committee activity in 2020; and (2) Withdrawal Agreement Specialised Committee activity in 2020. The report contains three annexes: (A) a list of Joint Committee Decisions and Unilateral Declarations made in 2020, followed by their

full texts; (B) the Summary Minutes of the Joint Committee meeting of 17 December 2020; and (C) the respective press statements of each Party following each meeting of the Joint Committee.

SECTION 1: Withdrawal Agreement Joint Committee activity in 2020

6. The Joint Committee met for the first time on 30 March 2020. The UK hosted. Given constraints due to movement restrictions caused by the COVID-19 pandemic, the meeting was held by teleconference. The Joint Committee agreed the tasks of each of the six Specialised Committees (as set out in the Withdrawal Agreement) and steered them to start work.
7. At its second meeting on 12 June, hosted by the EU by video conference, the Joint Committee undertook a stocktake of Specialised Committee activity, focusing on the Protocol on Ireland/Northern Ireland and citizens' rights, but also reviewing the work on the Protocols related to Gibraltar and the Sovereign Base Areas in Cyprus and on financial provisions.
8. The Joint Committee adopted one Decision (No. 1/2020), making ten minor amendments to the Withdrawal Agreement. The amendments mostly aimed at updating published dates in the Withdrawal Agreement relating to financial provisions and citizens' rights, to reflect the change of date when the UK withdrew from the EU from October 2019 to January 2020 (see **Annex A**).
9. The Joint Committee took note that the United Kingdom would not seek an extension of the transition period and thus concluded that it was not tasked to adopt a decision that would, in line with Article 132(1), give effect to such an extension.
10. The Joint Committee's third meeting on 10 September was an extraordinary meeting, hosted by the UK in London, as well as by video conference. This meeting was exclusively dedicated to discussing the Protocol on Ireland/Northern Ireland and the UK's proposed UK Internal Market Bill, tabled the previous day.
11. The Joint Committee met for the fourth time on 28 September. This meeting was hosted by the EU in Brussels, as well as by video conference. The Joint Committee undertook a stocktake of Specialised Committee activity since its meeting in June and agreed that the Specialised Committees on Citizens' Rights and on the Protocol on Ireland/Northern Ireland should meet again swiftly before the next meeting of the Joint Committee. The Committee was also updated on Withdrawal Agreement implementation, in all key areas (citizens' rights, the Protocol on Ireland/Northern Ireland, the Protocol on Gibraltar, the Protocol on the Sovereign Base Areas in Cyprus, as well as financial provisions). The latest developments on the UK Internal Market Bill were also discussed.
12. The UK hosted the fifth meeting of the Joint Committee in London, as well as by video conference on 19 October. The Joint Committee undertook a stocktake of Specialised Committee activity since its previous meeting, discussed the implementation of the Protocol on Ireland/Northern Ireland and citizens' rights, and agreed to publish the first citizens' rights Joint Report on Residence.² The Committee also reviewed the state of play of the preparation of the

various decisions it was required by the Withdrawal Agreement to adopt by the end of the transition period and agreed an indicative timetable for future Specialised Committee meetings during the remainder of the transition period.

13. The final Joint Committee meeting of the transition period was hosted by the EU by video conference on 17 December. As in its previous meetings of the year, the Joint Committee undertook a stocktake of Specialised Committee activity since its previous meeting. Following mutually agreed solutions that the UK and EU reached prior to the 17 December meeting³, the UK informed the Joint Committee of its decision to withdraw clauses 44, 45 and 47 of the UK Internal Market Bill.

14. The Joint Committee also adopted six Decisions.

- One Decision (No. 2/2020) related to citizens' rights, with the Joint Committee agreeing on the date from which the provisions of Title III of Part Two of the Withdrawal Agreement (Coordination of Social Security Systems) will apply to nationals of Iceland, the Principality of Liechtenstein, the Kingdom of Norway and the Swiss Confederation in triangular situations (1 January 2021).
- Four Decisions (Nos. 3-6/2020) related to the Protocol on Ireland/Northern Ireland, including one technical amendment (to the list of relevant EU laws applicable in Northern Ireland in Annex 2 of the Protocol); the determination of goods 'not at risk'; the determination of annual support levels under Article 10(2) of the Protocol; and the practical working arrangements under Article 12(2) of the Protocol.
- The final Decision of the meeting (No. 7/2020) established a list of arbitrators under Article 171.1 of the Withdrawal Agreement (see **Annex A** for the list of Decisions).

15. The Joint Committee also noted unilateral declarations made by the UK and EU relating to medicines supply; the importation of meat products and certain other food products from Great Britain into Northern Ireland; export declarations for goods moving from Northern Ireland to other parts of the United Kingdom; and on State Aid (see **Annex A** for the list of unilateral declarations).

16. The Joint Committee also agreed to publish the second citizens' rights Joint Report on Residence.⁴ It was concluded that the Specialised Committee on citizens' rights should publish all future citizens' rights joint reports on residence without the express approval of the Joint Committee. It was agreed that these would be prepared and published, at least every three

months, until the end of the grace period for applications in constitutive systems under Article 18(1) of the Withdrawal Agreement. At the time of this report, the final deadline is 31 December 2021.

17. Given the number and significance of the Decisions taken at the meeting of 17 December, the co-chairs agreed to publish a set of Summary Minutes. The minutes are reproduced in full at **Annex B**.
18. The Joint Committee is required to meet at least once a year. The co-chairs agreed in the meeting that the Committee would continue to meet regularly in 2021, on average once a quarter, but also flexibly reacting to any new development or arising need.

SECTION 2: Withdrawal Agreement Specialised Committees activity in 2020

19. As a general rule, Specialised Committees are in charge of overseeing and facilitating the implementation and application of specific parts of the Withdrawal Agreement and they can discuss any point raised by the UK or the EU that is of relevance for this area and gives rise to a difficulty or need for clarification. They are required to meet at least once a year but in most cases they met on a more regular basis.
20. The **Specialised Committee on citizens' rights** facilitates the implementation and application of Part Two of the Withdrawal Agreement. Part Two includes rights related to residence, the rights of workers and the self-employed, mutual recognition of professional qualifications and the coordination of social security systems. The Specialised Committee has a key role in ensuring that UK nationals in the EU and EU citizens in the UK and their family members are afforded their rights and entitlements as set out in the Withdrawal Agreement.
21. The Specialised Committee met four times during the transition period; on 20 May, 6 August, 8 October and 15 December 2020. In two of the meetings, on 6 August and 15 December, the civil society organisations 'British in Europe' and 'the 3 million' were invited to provide testimony on practical implementation issues.
22. Throughout 2020, the Specialised Committee received updates on the implementation of Part Two in the UK and the EU, including the UK's EU Settlement Scheme, the residence system and deadlines implemented by EU Member States, and the voluntary issuance of residence documents under Article 18 during the transition period, in accordance with Article 19. In particular, the Specialised Committee served as a collaborative forum allowing both Parties ~~sides~~ to signal practical and legal difficulties encountered by their nationals that might cause real-life difficulties, notably around residence status and access to various benefits. The impact of COVID-19 and the need for flexible responses were also regularly discussed, as well as the communication and information campaigns deployed by the Commission, EU Member States and the UK, with particular regard to mobilising people and reaching out to the vulnerable.
23. In accordance with Article 159 of the Withdrawal Agreement an Independent Monitoring Authority (IMA) was established to monitor the UK's implementation and application of Part Two after the transition period. The IMA became operational on 31 December 2020 and the

UK provided regular updates on the progress of its establishment in the Specialised Committee.

24. The Specialised Committee prepared two joint reports on the implementation of resident rights which were published by the EU and the UK on 18/21 October and 15/23 December 2020, respectively. The reports provide information on administrative procedures, communication and support provided by the UK and the EU by Member State) in relation to the issuance of residence documents under Article 18 of the Withdrawal Agreement. The reports also provide statistical tables on the number of applications for a new residence status under Article 18(1) and the issuance of new residence documents under Article 18(4) by outcome. The Specialised Committee will continue to prepare and publish joint reports, at least every three months, during the grace period for applications for a new residence status, currently with a deadline of 31 December 2021.
25. As indicated above, the Joint Committee adopted two Decisions relating to the implementation of Part Two of the Withdrawal Agreement. Notably, on 12 June 2020, the Joint Committee adopted Decision No 1/2020 (amending the Withdrawal Agreement to correct 10 minor errors, pursuant to Article 164(5)(d)) and on 17 December 2020, it adopted Decision No 2/2020 (on setting the date from which the provisions of Title III of Part Two of the Withdrawal Agreement shall apply to the nationals of Iceland, the Principality of Liechtenstein, the Kingdom of Norway and Swiss Confederation) (1 January 2021).
26. The **Specialised Committee on the other separation provisions** facilitates the implementation of Part Three of the Agreement. Part Three sets out the winding down of ongoing processes and arrangements across 13 areas or 'Titles'. The purpose of Part Three was to ensure an orderly UK withdrawal from the EU, by providing legal certainty in relation to matters that were in progress or unfinished when the transition period ended. Some Titles required unilateral UK action, and others required joint UK-EU action.
27. The Specialised Committee met twice during the transition period, on 30 October and 27 November 2020. At its first meeting, the Specialised Committee discussed general implementation progress against all 13 Titles. At its second meeting, the Specialised Committee acknowledged the continued progress made against each Title, focusing discussions on Titles I, II, III, VI, V and IX specifically (relating to Goods placed on the market; Ongoing Customs Procedures; Ongoing VAT and Excise Duty matters; Intellectual Property; Ongoing police and judicial cooperation in criminal matters; and Euratom-related issues respectively). The Specialised Committee also recognised the legislation introduced and guidance published by the UK since its first meeting.
28. By the end of the transition period, implementation of this Part of the Agreement had progressed in a smooth and satisfactory manner across all 13 Titles, with any remaining issue being addressed at technical level between the relevant UK Government and European Commission departments.
29. The **Specialised Committee on issues related to the implementation of the Protocol on Ireland/Northern Ireland** is responsible for facilitating the implementation of the Protocol in a way which enables it to achieve its declared objectives, including the protection of the 1998 Belfast (Good Friday) Agreement in all its parts, and avoiding a hard border on the island of

Ireland and safeguarding the integrity of the European Union's Single Market. The Protocol makes a subset of EU law applicable to and in Northern Ireland, for the purpose of avoiding a hard border on the island of Ireland. It also makes clear that nothing in the Protocol prevents the United Kingdom from ensuring unfettered access for Northern Ireland goods moving to Great Britain, requires both Parties to use their best endeavours to facilitate unfettered access for Northern Ireland goods moving to Great Britain, and safeguards arrangements for goods in free trade agreements concluded between the UK and other third countries.

30. The Specialised Committee met five times during the transition period, on 30 April; 16 July; 9 October; 5 November; and 17 December 2020. The Specialised Committee played a significant role in making the Protocol operational for application after the end of the transition period. It did so by providing assistance to the Joint Committee in preparing the four Decisions that were adopted by the Joint Committee on 17 December 2020, and in particular elaborating the proposal for a Decision on arrangements for a Union presence required by Article 12(3) of the Protocol, and in providing regular updates on the main policy areas concerned by the Protocol and the ensuing requirements (including customs, sanitary and phytosanitary [SPS], and IT systems). The Joint Consultative Working Group (JCWG), established under Article 15 of the Protocol as a subsidiary of the Specialised Committee, did not meet in 2020, but has since met to adopt its Rules of Procedure and start work. JCWG activity will be reported on in future Annual Reports.
31. The **Specialised Committee on issues related to the implementation of the Protocol relating to the Sovereign Base Areas in Cyprus** met three times during the transition period; on 9 June, 3 December, and 30 December 2020 to oversee and discuss arrangements in readiness for the Protocol's entry into effect from 1 January 2021. The Sovereign Base Areas Administration (SBAA) and the Republic of Cyprus also attended these meetings. Under the Protocol, the Sovereign Base Areas of the UK in Cyprus remain part of the EU customs territory. EU law on customs, common commercial policy and goods will continue to apply in the Sovereign Base Areas, as well as certain EU laws on indirect taxation, agriculture, fisheries and veterinary and phytosanitary rules. No Decisions by the Joint Committee were required by the Protocol during the transition period.
32. The **Specialised Committee on issues related to the implementation of the Protocol on Gibraltar** met twice during the transition period; on 27 May and 18 November 2020 to ensure the Protocol's commitments were met by 1 January 2021. Four Memoranda of Understanding (MoU) accompanied the Protocol, concerning citizens' rights; police & customs matters, environmental matters; and tobacco and other products. These MoUs operationalised the functioning of three Coordinating Committees established by the Protocol to discuss progress (tobacco issues were covered in the Committee on police and customs) and helped support the Specialised Committee. There were two meetings of the Coordinating Committees on the environment and police and customs and three on citizens' rights.
33. The Specialised Committee reviewed progress on the implementation of all commitments under the Protocol. Articles 2 to 5 of the Gibraltar Protocol (on air transport law; fiscal matters and protection of financial interests; environment protection and fishing; and cooperation in police and customs matters) ceased to apply on 31 December 2020, while Article 1 of the Protocol (on citizens' rights provisions, under Part Two of the Withdrawal Agreement related to Gibraltar) continues. The Specialised Committee will be supported by the Coordinating

Committee on citizens' rights as a forum for regular technical discussions between Spain and the UK.

34. The **Specialised Committee on the financial provisions** oversees the implementation of the financial provisions set out in Part V of the Withdrawal Agreement. During the transition period, the UK continued to pay into and receive funding from the EU budget. The financial settlement represents a negotiated settlement of the UK's financial commitments to the EU and the EU's financial commitments to the UK, which result from the UK's participation in the EU budget, and other commitments relating to the UK's past EU membership.
35. The Specialised Committee met twice during the transition period; on 19 May and 11 December 2020, discussing the two formal reporting packages due at the end of July 2020 and end of March 2021. The EU and UK also discussed the application of Regulation 538/2020, amending the scope of the Global Margin of Commitments, to the UK under the terms of the Withdrawal Agreement.

CONCLUSION

36. The Joint Committee's actions and Decisions during 2020 provide a solid foundation for ongoing UK-EU cooperation and the continued proper implementation of the Withdrawal Agreement after the end of the transition period.

Pursuant to Article 166(2) of the Withdrawal Agreement, the decisions adopted by the Joint Committee are binding on the Union and the United Kingdom. The Union and the United Kingdom must implement such decisions, which have the same legal effect as the Withdrawal Agreement.
- (2) Under Article 182 of the Withdrawal Agreement, the Protocol on Ireland/Northern Ireland ('the Protocol') forms an integral part of that Agreement.
- (3) Two legal acts on the CO₂ emission performance of new cars and vans registered in the Union which are listed under heading 9 of Annex 2 to the Protocol and made applicable to and in the United Kingdom in respect of Northern Ireland by Article 5(4) of that Protocol, do not relate to the placing on the market of such vehicles in the Union. They should therefore be removed from Annex 2 to the Protocol;
- (4) Eight legal acts which are essential for the application of the rules of the internal market for goods in respect of Northern Ireland and which were omitted at the time of adoption, should be added to Annex 2 to the Protocol.
- (5) In order to clarify the scope of application of certain acts already listed in Annex 2 to the Protocol, three notes should be added to that Annex;

Subject to paragraph 3, once duly identified, that Union representative shall immediately be granted access to the facility.
11. Union representatives shall be entitled to travel to the United Kingdom without prior notification or approval for the purpose of exercising the rights under Article 12(2) of the Protocol. They may travel to the United Kingdom using the laissez-passer issued by the Union.
12. Union representatives in the United Kingdom for the purpose of exercising the rights under Article 12(2) of the Protocol shall, together with their spouses and dependent members of their families, not be subject to immigration restrictions or to formalities for the registration of aliens.

1. The United Kingdom representative or contact point, as the case may be, shall respond to any request for information expeditiously, thereby giving the Union representative sufficient time to assess the information for the purposes of exercising the rights under Article 12(2) of the Protocol.
2. If the authorities of the United Kingdom consider that a request for information or the relevance of such request is not clear, or that the scope of information requested would make compliance with a request excessively burdensome, they may ask the Union representative who made the request to clarify or refine its scope.

3. When exercising the rights under Article 12(2) of the Protocol, and with due consideration of their obligations referred to in Article 2(1) of this Decision, Union representatives shall have the right to examine and, where necessary, copy documents and records in the possession of the authorities of the United Kingdom which contain information relevant to the covered activities. The Union shall ensure that its representatives protect such information in accordance with paragraphs 3 and 4.

3. The access granted, which can also be exercised remotely, is subject to adherence by Union representatives to the security and other user requirements of each of these IT systems.

4. The Union shall ensure that its representatives may use information as referred to in paragraphs 1 and 2 only for the purpose of exercising the rights under Article 12(2) of the Protocol. The Union shall ensure that its representatives do not disclose information accessed pursuant to paragraphs 1 and 2 other than to the institutions, bodies, offices and agencies of the Union as well as the authorities of the United Kingdom, unless they have been so authorised by the customs authorities of the United Kingdom and by the competent institution, body, office or agency of the Union. The customs authorities of the United Kingdom may not decline to authorise such disclosure except for duly stated reasons.
5. The United Kingdom shall communicate any change as regards the existence, scope or operation of the IT systems listed in Annex 1 and 2 to the Union, in good time before such changes become effective.
