

PRESCHOOLS AND INTERNATIONAL SCHOOLS IN ROME

The **RISA (Rome International Schools' Association)** has been active since 1974 in coordinating the international educational offering in the city of Rome. All the 16 RISA schools indicated in the table below meet the association's criteria: independence from the state school system, internationality of programs, teachers, and students, and exclusive teaching (or most of it) in English.

The city of Rome also contains official educational centres under direct guidance of France (Lycée Chateaubriand), Germany (Deutsche Schule Rom), Switzerland (Scuola Svizzera di Roma), and Spain (Liceo Cervantes).
