## **1. Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to [Regulation \(EU\) 2018/1725](#) of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation **“Selection and recruitment procedure for middle management functions and adviser functions in the European Commission”** undertaken by services responsible for middle management selection and recruitment procedures in **DG Human Resources and Security** (currently unit HR.02 “Executive Staff” together with units HR.E1, HR.E2, HR.E3 and HR.E4) is presented below.

## **2. Why and how do we process your personal data?**

We collect and use your personal information to organise and manage the selection and recruitment process for middle management functions and adviser functions in the Commission, to ensure that the most suitable candidate is selected, appointed and, where applicable, recruited for every position.

The vacancy notice, published in Sysper or externally, specifies the eligibility criteria, the minimum qualifications and necessary competencies which applicants must possess for their applications to be taken into consideration, as well as desirable qualifications and competencies. Candidates interested in a published position must apply in Sysper by uploading their CV and motivation letter, within the application deadline. The applications of inter-institutional and external candidates are received via CV-online. Applying by email through sending the required documents to a functional mailbox is only possible in exceptional circumstances, as set out in in each vacancy notice. The selection procedure is mainly managed within the SYSPER vacancy module.

The selection procedure includes the assessment of eligibility and suitability of candidates for the position, followed by pre-selection and/or final interviews for those considered best suitable at each stage. The process concludes through the establishment of a proposal or of a shortlist of candidates who best correspond to profile sought. Candidates applying to middle management functions invited to the final interviews need to pass an assessment centre, evaluating the applicants' managerial skills and providing an analysis of their potential.

Amongst the shortlisted candidates, the most suitable candidate is appointed, after which the selection procedure is closed. If the most suitable candidate is not an official, the person will be recruited and their financial rights established.

Candidates who are appointed for the first time to a head of unit function in the Commission, serve a management trial period of nine months as a probationer head of unit, unless they have already completed such a trial period in a previous function in the European Institutions. After having successfully completed the trial period, confirmed by a probation period report validated in SYSPER, they will be established as head of unit.

Your personal data will not be used for automated decision-making including profiling.
