

## Recovery and Resilience Facility

### Operational arrangements between the European Commission and Austria

These operational arrangements enters into force on the signature date between:

- (1) The European Commission, 200, rue de la Loi, B-1049 Bruxelles, Belgium, which is represented for the purpose of the signature of these operational arrangements by Commissioner Paolo Gentiloni;

hereinafter referred to as the “**Commission**”

on the one part,

and

- (2) The Republic of Austria represented by the Minister of Finance Magnus Brunner;

hereinafter referred to as “**Austria**”

on the other part,

hereinafter separately referred to as a “**Party**” and collectively as the “**Parties**”,

WHEREAS:

- (1) Regulation (EU) 2021/241 of the European Parliament and of the Council of 12 February 2021, establishing the Recovery and Resilience Facility (the “**RRF Regulation**”) established the Recovery and Resilience Facility to provide Member States with financial support with a view to achieving the milestones and targets of reforms and investments as set out in their recovery and resilience plans.
- (2) In accordance with Article 18(1) of the RRF Regulation, Austria submitted to the Commission a recovery and resilience plan (the “**RRP**”). By virtue of Council Implementing Decision of 13 July 2021 on the approval of the assessment of the recovery and resilience plan for Austria (10159/21; 10159/21 ADD 1; 10159/ COR 1), (the “**Council Implementing Decision**”) the Council approved the assessment of the RRP and determined a financial contribution of EUR 3 461 398 824 linked to the satisfactorily fulfilment of milestones and targets.

- (3) Pursuant to Article 20(6) of the RRF Regulation, the Parties should enter into operational arrangements to further specify the elements mentioned therein.

The Parties have agreed the following:

**1. ARRANGEMENTS AND TIMETABLE FOR MONITORING AND IMPLEMENTATION AND THE RELEVANT INDICATORS RELATING TO THE FULFILMENT OF THE ENVISAGED MILESTONES AND TARGETS**

- 1.1. To facilitate the smooth cooperation and effective implementation of the RRP, the Parties agree to maintain regular exchanges in relation to the implementation of the relevant reforms and investment projects.
- 1.2. Austria designates the Ministry of Finance as the coordinator (the “**Coordinator**”) to act as the interlocutor of the Commission for the overall implementation of the RRP and of these Operational Arrangements. The Coordinator is responsible at national level for coordinating and monitoring the effective implementation of the measures envisaged and the achievement of the objectives set in the RRP.
- 1.3. The Commission designates the Recovery and Resilience Task Force (‘RECOVER’) and the Directorate General for Economic and Financial Affairs (‘DG ECFIN’) as the interlocutors for the monitoring of the implementation of the RRP on behalf of the Commission.
- 1.4. The Coordinator and the Commission shall hold at least quarterly exchanges to take stock of progress on the implementation of the RRP. Such exchanges may take place in person in Austria or in Brussels. They may also take place virtually or, if both Parties agree, via written form. While maintaining the capacity to hold physical or virtual meetings at short notice, such meetings should ordinarily be planned a minimum of 7 days in advance, with a defined agenda.
- 1.5. The exchanges to take stock of progress on the implementation of the RRP shall, as a standing item on the agenda, discuss the timeline for payment requests as set out in Section 3. The Coordinator shall assess and inform the Commission of any significant risks to the timeline for the completion of any milestone or targets, notably where that may have implications for the timeline of the associated payment request.
- 1.6. The Coordinator and the Commission may organise meetings on ad hoc topics outside of the exchanges to take stock of progress on the implementation of the RRP. Such ad-hoc meetings are encouraged to discuss investments and reforms in the RRP that may raise specific implementation challenges. These meetings shall take place in a timely manner to identify possible implementation issues. Ad-hoc meetings may also be required to discuss specific implementation issues that cut across multiple components (e.g. compliance with the Do No Significant Harm principle), to ensure consistency across the RRP.

- 1.7. The Coordinator may nominate specific government entities that are in charge of the actual implementation of specific reforms and investments. As part of the monitoring of the RRP, the Commission may organise technical meetings with such nominated entities to seek further information. The Coordinator shall be in copy of all such contacts and shall be invited to all technical meetings that may take place. These technical meetings may take place on a more regular basis than the exchanges with the Coordinator, to enable a more frequent monitoring of the reforms and investments included under each component of the RRP and to identify possible implementation issues in advance of the exchanges. An overview of the technical meetings that are taking place will be discussed in the meetings with the Coordinator.
- 1.8. While respecting internal processes and timing, and in order to facilitate the implementation of the RRP and the assessment of payment requests, the Coordinator or nominated specific government entities are encouraged to share with the Commission any relevant information on the progress in the implementation of the RRP, in order to discuss in a timely manner on its alignment with the relevant provisions in the Council Implementing Decision.
- 1.9. Annex I to these Operational Arrangements further specifies the milestones, targets and relevant indicators laid down in the Council Implementing Decision to measure the progress towards the achievement of the reforms and investment projects of the RRP.
- 1.10. Annex II to these Operational Arrangements further specifies the arrangements and timetable for monitoring laid down in the Council Implementing Decision.
- 1.11. In accordance with Article 27 of the RRF Regulation, Austria shall report in the context of the European Semester on the progress made in the achievement of its RRP, including these Operational Arrangements and on the common indicators set out in accordance with Article 29(4) of the RRF Regulation. Such reporting shall take place each year, by 30 April and 15 October on the progress made in the achievement of the RRP, including these Operational Arrangements, and by 28 February and 31 August on those common indicators. Annexes I and II specify the arrangements for the reporting linked to these Operational Arrangements. The Commission and Austria have agreed that common indicator 4 [Population benefiting from protection measures against floods, wildfires, and other climate related natural disasters] and common indicator 13 [Classroom capacity of new or modernised childcare and education facilities] as specified in the Annex to the Delegated Regulation (EU) 2021/2026 adopted under Article 29(4) of the RRF Regulation are not relevant in the context of Austria's RRP.
- 1.12. In order to ensure effective coordination and complementarity of Union funding in accordance with Article 28 of the RRF Regulation, Austria shall include in such reporting any investment or reform supported under its RRP that has or is receiving funding from any other Union programme and the relevant amount. In order to establish a mechanism of coordination, the Commission and Austria shall discuss as relevant the coordination and complementarity with other Union funding during their exchanges.

- 1.13. In the context of Article 28 of the RRF Regulation, the Commission and Austria agree to jointly organise an annual event with the participation of those responsible for implementing the RRP and other relevant stakeholders, to discuss complementarity, synergy, coherence and consistency between the implementation of the RRP and the other Union programmes. In addition, this event may serve as a horizontal platform to exchange views on the state of implementation of the RRP in view of ensuring close cooperation between all actors involved.

## **2. ARRANGEMENTS FOR ACCESS TO DATA**

- 2.1. The arrangements that Austria has proposed in order to ensure full access by the Commission to relevant underlying data are set out in the Council Implementing Decision.
- 2.2. Annex I specifies the minimum information (i.e. verification mechanisms) that supports the due justification of the request for payment. Austria shall send this information to the Commission together with the payment request. Where relevant, the Commission may request samples of the evidence. In accordance with Article 24(3) of the RRF Regulation, the satisfactory fulfilment of milestones and targets shall presuppose that measures related to previously satisfactorily fulfilled milestones and targets have not been reversed by the Member State. Austria shall notify the Commission of any change in the documentation identified in the verification mechanism in Annex I on which that assessment was made, which is of a material nature to affect such assessment or the assessment of future milestones and targets.
- 2.3. Additionally, Austria shall ensure that, upon request, the Commission has full access to the underlying relevant data that supports the due justification of the request for payment, both for the assessment of the request for payment in accordance with Article 24(3) of the RRF Regulation and for audit and control purposes in accordance with Article 22(2)(e) of the RRF Regulation. This information will be provided to the Commission by the Coordinator.

## **3. TIMELINE FOR PAYMENT REQUESTS**

In accordance with Article 24 of the RRF Regulation, upon completion of the relevant agreed milestones and targets indicated in the RRP, Austria shall submit a duly justified request for payment of the financial contribution. The relevant milestones and targets for each instalment are contained in the Council Implementing Decision. The indicative timeline for such payment requests is the following:

## Financial Contribution

Payment Request for the First Instalment	EUR 804 597 701	Q4 2022
Payment Request for the Second Instalment	EUR 862 068 965	Q2 2023
Payment Request for the Third Instalment	EUR 804 597 701	Q2 2024
Payment Request for the Fourth Instalment	EUR 459 770 115	Q2 2025
Payment Request for the Fifth Instalment	EUR 287 356 322	Q2 2026
Payment Request for the Sixth Instalment	EUR 243 008 020	Q3 2026

## 4. AMENDMENTS

The Operational Arrangements may be modified by mutual consent between the Parties. Such amendments may take place by an exchange of letters. The Parties consent that the entities designated as the Coordinator and the interlocutors for the monitoring of the implementation of the RRP on behalf of the Commission in Clause 1.2 and 1.3 respectively may be amended by notification.

					Unit of measure	Baseline	Goal	Quarter	Year				
											(b) the law defines the territorial, traffic, personal and temporal scope, and the price of the 1-2-3 climate ticket (Legal text published in the Federal Legal Information Systems – RIS).		
12	1.B.2 Introduction of 1-2-3 climate ticket	M	Introduction of 1-2-3 climate ticket	The first 1-2-3 climate tickets shall be introduced on the market.	-	-	-	Q4	2021	Ministry for Climate Action (BMK)		<b>Summary document</b> duly justifying how the milestone requirements (including all its constitutive elements, as set out in the description of the milestone and of the corresponding measure in the CID Annex) have been satisfactorily fulfilled. This shall be accompanied by a written confirmation by the Ministry for Climate Action (BMK) proving that national and/or regional categories of the 1-2-3 climate ticket are available for customers to buy and use, and the link to the online distribution platforms for the climate ticket shall be provided.	National and/or regional categories of the 1-2-3 climate ticket are available for customers to buy and use.
13	1.B.3 Zero-emission buses	M	Launch of the zero-emission buses support programme	The call for expression of interest has been publicly announced.	-	-	-	Q1	2022	Ministry for Climate Action (BMK)	A zero-emission bus shall be understood as full electric bus or hydrogen bus.	<b>Summary document</b> duly justifying how the milestone requirements (including all its constitutive elements, as set out in the description of the milestone and of the corresponding measure in the CID Annex) have been satisfactorily fulfilled. The document shall include as an annex at least the following <b>documentary evidence</b> : (a) copy of the publication of the call for expression of interest including the terms of references, showing that that the competition is open to applications, and link to the notice concerning the launch of the call on the website of the funding management office and the Ministry for Climate Action (BMK); and (b) justification that the technical specifications of the call comply with the description, criteria and conditions as set out in the description of the milestone and of the investment in the CID (e.g. that eligible projects shall include zero-emission buses and the infrastructure to operate the buses).	The call for expression of interest has been launched. The call shall enable transport associations, transport companies and other potential beneficiaries to submit their applications (through the Settlement Office's digital submission portal). Eligible projects shall include zero-emission buses and the infrastructure to operate the buses.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators	Quantitative indicators (for targets)			Indicative time-line for completion		Responsibility for reporting and implementation	Further specification (where necessary)	Verification mechanism	Milestone and target description
					Unit of measure	Baseline	Goal	Quarter	Year				
14	1.B.3 Zero-emission buses	M	Last call completed	Last call for expression of interest by potential beneficiaries completed	-	-	-	Q4	2024	Ministry of Climate Action (BMK)	A zero-emission bus shall be understood as full electric bus or hydrogen bus.	<p><b>Summary document</b> duly justifying how the milestone requirements (including all its constitutive elements, as set out in the description of the milestone and of the corresponding measure in the CID Annex) have been satisfactorily fulfilled. The document shall include as an annex at least the following <b>documentary evidence</b>:</p> <ul style="list-style-type: none"> <li>(a) a copy of the publication of the call for expression of interest;</li> <li>(b) justification that the technical specifications of the call comply with the description, criteria and conditions as set out in the description of the milestone and of the investment in the CID Annex;</li> <li>(c) a list of all chosen projects with, for each project, its description, including the justification that they comply with the criteria and conditions as set out by the call for expression of interest.</li> </ul>	The last call for expression of interest by potential beneficiaries has been completed. Eligible projects shall include zero-emission buses and the infrastructure required for their operation.
15	1.B.3 Zero-emission buses	T	Buses equipped with zero-emission technologies	-	Number	0	682	Q2	2026	Ministry of Climate Action (BMK)	A zero-emission bus shall be understood as full electric bus or hydrogen bus.	<p><b>Summary document</b> duly justifying how the target (including all its constitutive elements, as set out in the description of the target and of the corresponding measure in the CID Annex) has been satisfactorily fulfilled. The document shall include, as an annex, a complete list/or extract from the relevant database of all purchased buses equipped with zero-emission technologies with, for each bus, its unique identifier (e.g. a reference number), the information on its basic technical specifications, such as the type of zero emission technology, and an official reference number of the grant agreement on the basis of which a bus has been procured and received.</p> <p><b>On the basis of a sample</b> that may be selected by the Commission, at least the following <b>documentary evidence</b> shall be submitted for each of the buses (units) selected:</p> <ul style="list-style-type: none"> <li>(a) copy of the grant agreement;</li> <li>(b) copies of orders placed;</li> <li>(c) technical specifications of the bus purchased, including a proof of compliance with zero-emission technology;</li> <li>(d) copy of delivery confirmation of the bus, signed by the beneficiary and issued by the contractor.</li> </ul>	On the basis of grant agreements, the beneficiaries have procured and received at least 682 buses with zero-emission technology.

This shall be accompanied by a <b>summary document</b> duly justifying how the milestone requirements (including all its constitutive elements, as set out in the description of the milestone and of the corresponding measure in the CID Annex) have been satisfactorily fulfilled by this law (with references to the relevant provisions of the law).	The law on the removal of barriers to business transfers (Grace Period Act) shall enter into force.	

## Annex II

### Arrangements and Timetable for Monitoring

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
5,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of projects completed and audited.</i>					Q4	2024
5	1.A.2: Exchange of oil and gas heating systems	Target	Replacement of heating systems	-	Number	15 900	31 800	Q2	2026
14,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the status of the call.</i>					Q2	2023
14	1.B.3 Zero-emission buses	Milestone	Last call completed	Last call for expression of interest by potential beneficiaries completed	-	-	-	Q4	2024
15,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on how many buses have already been purchased and are operational, and on the progress in the installation of the charging infrastructure (overnight/deposit and occasional loading at stops), overhead contact lines and hydrogen refueling points.</i>					Q4	2024
15	1.B.3 Zero-emission buses	Target	Buses equipped with zero-emission technologies	-	Number	0	682	Q2	2026
18,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress of the call.</i>					Q2	2023
18	1.B.4 Zero-emission utility vehicles	Milestone	Last call completed	Last call for expression of interest by potential beneficiaries completed	-	-	-	Q4	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
19,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on how many vehicles have already been purchased and are operational.</i>					Q4	2024
19	1.B.4 Zero-emission utility vehicles	Target	Vehicles equipped with zero-emission technologies	-	Number	0	2 767	Q2	2026
26,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress on increasing the reusable quota.</i>					Q2	2025
26	1.C.1 Legal framework for increasing collection rates for beverage packaging and the supply of reusable beverage containers in retail	Target	Reusable quota	-	Percentage	19	25	Q1	2026
30,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on how many reverse vending machines have already been purchased.</i>					Q1	2023
30	1.C.3 Investments in reverse vending systems and measures to increase the reuse quota of beverage containers	Target	Take-back systems		Number	0	5000	Q1	2024
33,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress of new retrofitting sorting facilities.</i>					Q1	2024
33	1.C.4: Retrofitting of existing and construction of new sorting facilities	Target	Commissioning of facilities	-	Number	0	3	Q1	2025
42,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the support scheme and/or the selection of projects to decarbonise industrial production.</i>					Q1	2023
42	1.D.2 Transforming industry towards climate neutrality	Target	Roll-out of decarbonisation projects	-	Number	0	15	Q4	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
51,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress achieved as regards to teacher trainings, federal school infrastructure, and learning material portal.</i>					Q4	2023
51	2.B.1 Fair and equal access of pupils to basic digital competence	Milestone	Evaluation of the School Digitalisation Act	Evaluation of the law has been completed and published by the responsible Ministry	-	-	-	Q2	2025
64,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of projects already completed.</i>					Q4	2022
64	2.D.1 Digitalisation of SMEs	Target	Completion of SME digitalisation projects		number	0	15 300	Q4	2023
69,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of zero-emission vehicles purchased and the number of charging stations installed so far.</i>					Q4	2022

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
69	2.D.3 Green investments in enterprises	Target	Investments in e-mobility	-	Number of zero-emission vehicles, Number of charging stations	0	20 000; 100	Q4	2023
70,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of companies supported so far in investing in thermal renovation of buildings.</i>					Q3	2023
70	2.D.3 Green investments in enterprises	Target	Investment in thermal renovation of buildings	-	Number of companies supported	0	1 000	Q1	2025
71,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of companies supported so far in investing in solar energy.</i>					Q3	2023

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
71	2.D.3 Green investments in enterprises	Target	Investments in solar energy	-	Number of companies supported	0	10 800	Q1	2025
72,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of companies supported so far in investing in energy savings.</i>					Q3	2023
72	2.D.3 Green investments in enterprises	Target	Investments in energy savings to support at least 1 300 companies under the RRP	-	Number of companies supported	0	1 300	Q1	2025
73,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the status of the performance and financing agreements (number of agreements signed etc.).</i>					Q2	2023
73	3.A.1 RTI-Strategy 2030	Target	Finalisation of performance and financing agreements	-	Signed performance/financing agreements	22	54	Q4	2024
76,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measures, i.e. annual report 2022 on the execution of Quantum Austria.</i>					Q2	2023
76	3.A.2 Quantum Austria – Promotion of Quantum Sciences	Milestone	Interim report	Production of the interim report	-	-	-	Q4	2024
80,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the implementation status of the construction process.</i>					Q4	2024
80	3.A.3 Austrian Institute of Precision Medicine	Milestone	Institute of Precision Medicine completed	The construction works have been completed and a finalisation report	-	-	-	Q2	2026

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
				has been approved.					
82,1	Interim Step	Monitoring	State of play of the measure, including information on the progress of digital infrastructure projects as well as the percentage of completed investments.					Q3	2024
82	3.A.4 (Digital) Research Infrastructures	Milestone	Progress report with 50 % of investments completed	Summary report issued by the awarding Ministry (BMBWF)	-	-	-	Q3	2025
89,1	Interim Step	Monitoring	State of play of the measure, including the number of people having benefitted from re- and upskilling.					Q2	2023
89	3.B.2 Promoting re-skilling and upskilling	Target	People benefitting from re- and upskilling.	-	Number	0	94 000	Q4	2024
90,1	Interim step	Monitoring	State of play of the measure, including information on the progress towards reaching the target such as, including the percentage increase achieved so far.					Q2	2023
90	3.C.1 Improved access to education	Target	Pupils eligible for promotion from 5 <sup>th</sup> school year		Percentage of pupils entitled for promotion to the next grade or successful completion of a school type	92.4 (2018)	94.7	Q4	2025
91,1	Interim step	Monitoring	State of play of the measure, including information on the progress towards reaching the target as well as the percentage increase achieved so far.					Q2	2023
91,2	Interim Step	Monitoring	State of play of the measure, including information on the progress towards reaching the target as well as the percentage increase achieved so far.					Q2	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
91	3.C.1 Improved access to education	Target	Pupils from migration background having achieved secondary level II degree	-	Percentage of pupils with a migration background who achieve a secondary level II degree	65.4 (2018)	67.9	Q4	2025
95,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress towards reaching the target including the percentage increase achieved so far.</i>					Q4	2022
95	3.C.3 Expansion of elementary education	Target	Increasing rates of childcare for children under three years of age		% (percentage)	28	33	Q4	2023
96,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress towards reaching the target including the percentage increase achieved so far.</i>					Q4	2022
96	3.C.3 Expansion of elementary education	Target	Increasing rates of early childhood education for children aged three to six compatible with full-time employment of parents	-	% (percentage)	46.8	52.8	Q4	2023
99,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play on the selected projects. .</i>					Q2	2023
99	3.D.1 IPCEI Microelectronics and connectivity	Target	At least 66 % of approved projects started	-	percentage	0	66	Q2	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
100,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure (based on information compiled from existing IPCEI-company summary reports and national project audit reports), including information on the progress of implementation of the projects, amount of funds allocated to the approved projects and amount of funds disbursed.</i>					Q2	2025
100	3.D.1 IPCEI Microelectronics and connectivity	Target	EUR 125 000 000 allocated and at least 80% of the aid disbursed for approved projects	-	EUR (million)	0	125	Q3	2026
102,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play on the selected projects.</i>					Q2	2023
102	3.D.2 IPCEI Hydrogen	Target	At least 66 % of approved projects started	-	percentage	0	66	Q2	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
103,1	Interim Step	Monitoring	State of play of the measure (based on existing IPCEI-company summary reports and national project audit reports), including information on the implementation of the projects, amount of funds allocated to the approved projects and amount of funds disbursed.					Q2	2025
103	3.D.2 IPCEI Hydrogen	Target	EUR 125 000 000 allocated and at least 80% of the aid disbursed for approved projects	-	EUR (million)	0	125	Q3	2026
124,1	Interim Step	Monitoring	State of play of the measure, including the number of completed thermal refurbishment projects.					Q4	2024
124	4.B.3 Climate-friendly town centres	Target	Thermal refurbishment projects completed	-	Number of thermal refurbishment projects	100	250	Q2	2026
126,1	Interim Step	Monitoring	State of play of the measure, including the number of green façades projects completed.					Q4	2024
126	4.B.3 Climate-friendly town centres	Target	Green façades projects completed	-	Number of green façades	60	100	Q2	2026
128,1	Interim Step	Monitoring	State of play of the measure, including the number of completed high-efficiency district heating projects					Q4	2024

#	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
128	4.B.3 Climate-friendly town centres	Target	Projects for the connection to high-efficiency district heating completed	-	Number of projects for the connection to high-efficiency district heating	1 150	2 490	Q2	2026
130,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including the number of completed brownfield land projects.</i>					Q4	2024
130	4.B.3 Climate-friendly town centres	Target	Brownfield land projects completed	-	Number of recycling of brownfield land projects	30	60	Q2	2026
138,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress of the construction works.</i>					Q2	2023
138	4.C.3 Renovation of Volkskundemuseum Wien and Prater Ateliers	Milestone	Reopening of Prater Ateliers	Handover of the Ateliers to the artists	-	-	-	Q2	2024
139,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the progress of the construction works.</i>					Q4	2024
139	4.C.3 Renovation Volkskundemuseum Wien and Prater Ateliers	Milestone	Completion of the rehabilitation of the Volkskundemuseum	Handover to the owner	-	-	-	Q2	2026
145,1	<i>Interim Step</i>	<i>Monitoring</i>	<i>State of play of the measure, including information on the disbursement of the investment funds.</i>					Q1	2024
145	4.C.5 Investment fund for climate-friendly cultural businesses	Milestone	Contract award of climate-friendly cultural businesses projects	Publication of selected projects	-	-	-	Q3	2025
