Discussion Forum on AI Contracting – Webinars Agenda

Webinar #1 on AI Contracting – Legal Certainty on AI Contracting through Model Contract Terms

Wednesday, 9 December 2026, 15.00–16.30h CET

Speakers: Prof. Dr Teresa Rodríguez de las Heras Ballell (*President of the European Law Institute*) and Prof. Dr Hans Schulte-Nölke (*Member of the Council of the European Law Institute*)

In this webinar, the European Law Institute will present the first draft of the forthcoming model contract terms for AI contracting they are preparing in the framework of a study for the European Commission. The model terms give businesses a practical tool at hand to reduce risks and costs and increase legal certainty when using AI contracting. Join the webinar to be the first to learn about the state of play of the model terms and to give direct feedback on the draft. The model terms build on and the 2024 UN Model Law on Automated Contracting, thus ensuring coherence with the developing international legal framework. They will also address new issues raised by stakeholders beyond the scope of the Model Law.

5.	**Closing remarks**

Webinar #2 on AI Contracting – How to Choose a Trustworthy AI Contracting System

Thursday, 10 December 2026, 15.00–17.00h CET

Speakers: Sebastian Wengryn (*ContractHero*), Razvan Antemir (*Amazon*), Jared Sine (*GoDaddy*), and Benjamin Knirsch (*SMEunited*)

This webinar explores the practical aspects of AI contracting, starting with the first step: How to choose an AI contracting system? Business stakeholders, including providers and users, will present what types of AI contracting systems are already available and what issues should be considered by prospective users. The key issues identified, based on user experiences, will feed into the guidance that the European Commission is preparing with the help of the Discussion Forum. Join this webinar to hear how other companies approach the choice of AI contracting systems and to raise important questions that the future Commission guidance should address.
