

Digitalisation Programme

**2025 Achievements
and
2026 Roadmap**

Agenda

- Major achievements 2025
- Roadmap 2026

Major achievements 2025

Major achievements 2025 1/3

LA JUSTICE
Grand-Duché de Luxembourg

AI Strategy

- Define the strategic vision for AI in the judicial administration
- Identify use cases
- Establish a comprehensive implementation timeline

Digital Preservation Plan

- Protect strategic digital data produced by AJUD
- Define a timeline for compliance with the National Digital Data Preservation Strategy
- Select an electronic archiving system

Website redesign

- Implementation of the new visual identity,
- Addition of a tab/section for online procedures and services offered by the judicial administration,
- Reorganization of the website's sections,
- Adding the ability to download court decisions in bulk (Open data) with search criteria.

JURSearch redesign (internal document database)

- Migration to a newer version of SharePoint
- New design
- New directories
- New search module

Major achievements 2025 2/3

Digitalization of criminal case management

- Official program launch & overall architecture design
- Development begins on the first module for managing reports (alerts) and the interface with the Grand Ducal Police systems
- Launch of the bank search management solution between the investigating magistrate and the judicial police

Digitalization of civil case management

- Design and implementation of a common platform for the Justice of the Peace and the courts (JUCAP) → Production launch planned for 2026.
- Implementation of electronic document management linked to the new application: successful interfacing in a test environment between the new solution and the document management system.

Transversal projects

- External stakeholder management: synchronization of lawyers' data via web service
- Deployment of European solutions: instruments (TOE, SOD) related to EU Regulations 2020/1783 and 2020/1784

Innovation Lab

- A new version of the solution for pseudonymizing court decisions has been launched.

Major achievements 2025 3/3

LA JUSTICE

Grand-Duché de Luxembourg

Data Warehouse

- Structuring the architecture of the criminal data warehouse
- Defining the rules for data history and lifecycle management
- Ongoing development

Business Intelligence

- Structuring the Business Intelligence architecture
- Defining visualization standards to ensure consistency in outputs
- Ongoing developments (pilot project : *search warrant management*)

ICCS (International Classification of Crime for Statistical Purposes)

- Harmonization of offense categorization according to the ICCS standard
- Improvement of international data comparability
- Strengthening of the analytical quality of the statistics produced

Roadmap 2026

Roadmap 2026 : Digitalization of criminal case management

LA JUSTICE

Grand-Duché de Luxembourg

Project	Macro launch	Status	Macro-end date
Management of reports to the police	July 2025	In progress	Q3 2026 (Lot 1)
Electronic document management (criminal cases)	January 2026	In progress	Q2 2027
Management of Criminal Decisions	Q2 2026	In progress	Q2 2027
Management of the execution of judicial sentences	Q3 2026	Planned	Q4 2027 – Q1 2028
Court hearing management	May 2026	Planned	Q2 2027

Roadmap 2026 : Digitalization of civil case management

LA JUSTICE

Grand-Duché de Luxembourg

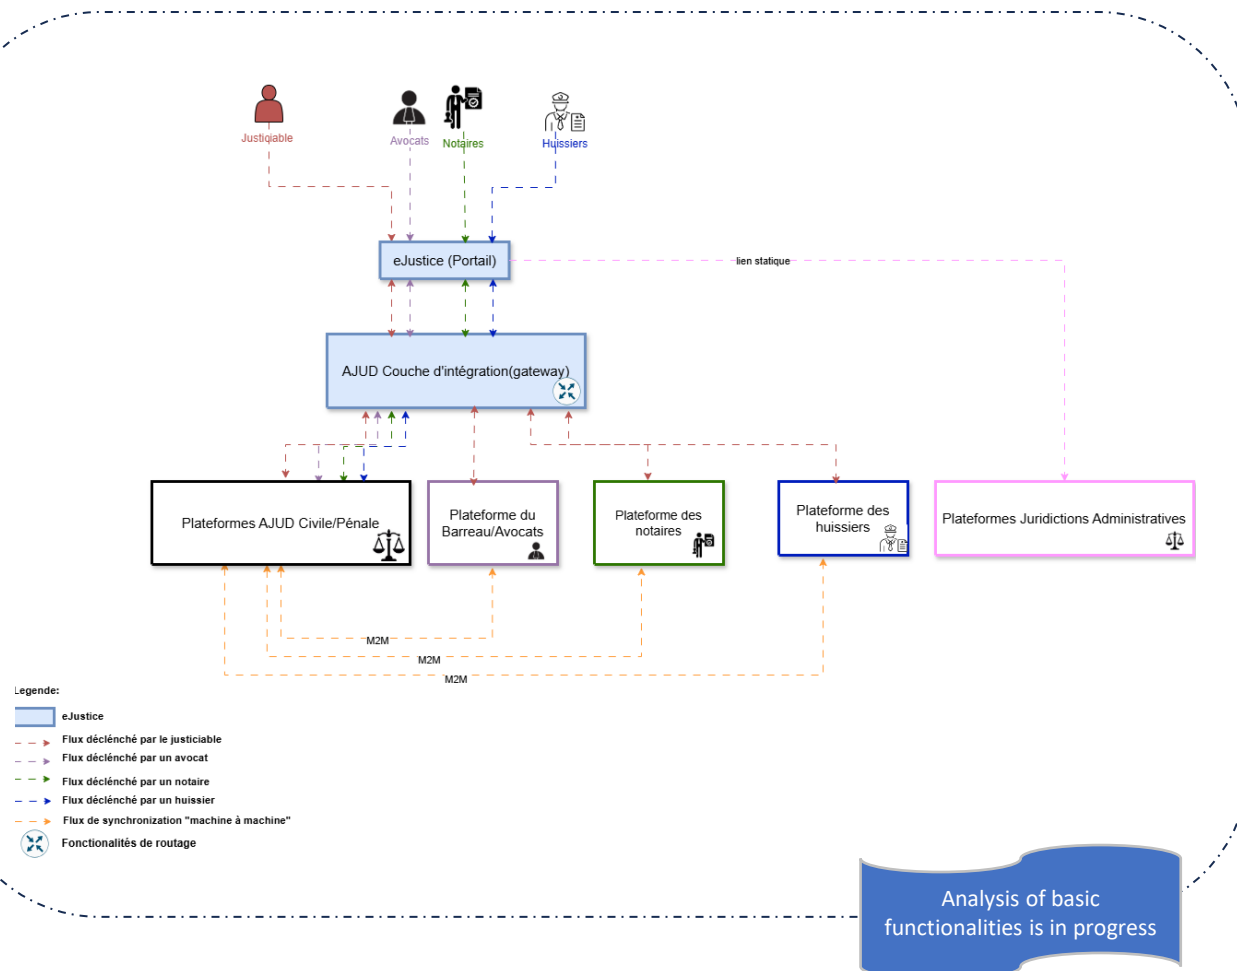

Project	Macro launch	Status	Macro-end date
JUCAP: Integration of justices of the peace, district courts, the Court of Appeal and the Court of Cassation into a common application	2022	In progress	Q4 2026
Electronic document management (civil cases)	2023	In progress	Q4 2026
Civil Registry (JURCI): • Connection to the notaries' platform • Connection to JUCAP: automatic retrieval of guardianship/curatorship judgments	Q3 2026	Planned	Q3 2027

Roadmap 2026 : Justice Portal

LA JUSTICE
Grand-Duché de Luxembourg

Justice Portal

Goals

Improving access to justice: enabling litigants, lawyers and legal professionals to easily access legal information and services online.

Centralize services: create a single portal to consolidate all legal procedures/requests: file consultation, document submission, procedure tracking, etc.

Digitizing processes: replacing paper file submissions with electronic files.

Roadmap 2026 : European projects

LA JUSTICE

Grand-Duché de Luxembourg

Application	Description		Macro-end date
JUDEX	EPOC	Certificate of support for the European production order	August 2026
	EPOC-PR	Certificate of support for the European conservation order	
iSupport	This application was developed under the auspices of the Hague Conference on Private International Law (HCCH). It is designed to facilitate international cooperation between central authorities responsible for processing cross-border maintenance claims.		Q4 2026
ECRIS-TCN	European Criminal Records Information System – Third Country Nationals		Q4 2026 – Q1 2027

Roadmap 2026 : Data management

Data Warehouse: Development and optimization of data pipelines (criminal justice system)

Business Intelligence : Implementation of BI architectures and development of initial use cases

Data Governance: Establish a data governance framework to define the policies, processes, and responsibilities to ensure data quality, security, and compliance.

Roadmap 2026 : Other projects

LA JUSTICE
Grand-Duché de Luxembourg

Q3 2026

Deployment of the Artificial Intelligence (AI) strategy

Q3 2026

Deployment of the digital preservation plan

Q4 2026

Go-live of the new website
