RRF 1\textsuperscript{st} payment request – Lithuania

Preliminary positive assessment by the Commission of 31 out of 33 milestones
Process and state of play
Timeline of Lithuania's RRP implementation

RRP design and adoption
- RRP submitted on 14 May 2021
- Approved by COM on 2 July 2021
- Adopted by Council on 20 July 2021

RRP Implementation Setup
- Financing agreement signed on 6 August 2021
- Operational arrangement countersigned and published on 5 May 2022

First Payment Request
- Submitted on 30 November 2022
- Partially positive preliminary assessment adopted by COM on 28 February 2023
Milestones & targets per instalment

Net disbursement amounts and number of milestones and targets

Disbursements - net amounts  Pre-financing  Number of M&Ts
Outcome of the assessment

I. **Positive preliminary assessment** for the 31 out of 33 milestones that are satisfactorily fulfilled:
   - Shared with the EFC and the European Parliament
   - Followed by the EFC opinion and adoption by comitology, including on the amount to be paid out

II. **Letter to LT on payment suspension** outlining the reasons for the Commission finding that 2 milestones are not satisfactorily fulfilled, the application of the suspension methodology and the resulting amount:
   - Shared at the request of LT with the EFC and the European Parliament
   - Starts a bilateral process between Commission and LT
Lithuania's first payment request: overview
Overview of the request

- **33** milestones (no targets)
- **28** reforms and **5** investments
- Measures with an indicative timeline of up to **Q2 2022**
- **€ 649.54 m** grants
Green transition

[M 21] Entry into force of the legislation to improve institutional and legal mechanisms to promote the production, transmission and consumption of electricity from renewable sources

[M 29] Setting-up a Sustainable Mobility Fund that shall finance the development of alternative fuels and vehicle infrastructure

[M 37] Entry into operation of an information system for recharging points for electric vehicles
Digital transition

[M 83] Assigned radio frequencies for the deployment of 5G networks

[M 70] Entry into operation of competence centre for open data and digital transformation

[M 84] Entry into force of legislative amendments to enable faster installation of electronic communications infrastructure
Education

[M 93] Entry into force of the amendments to the rules on the establishment of a network of schools conducting formal education programmes & [M 94] Plans for the transformation of the network of general education schools prepared and approved by municipalities in accordance with the newly approved rules for the development of the network of schools implementing formal education programmes

[M 95] Entry into force of legislation on the Millennium School Progress Programme

[M 110] Entry into force of the Government Resolution on the procedures regulating the career guidance system
Innovation and science

[M 128] Entry into force of the revised legislation on innovative activities

[M 127] The entry into force of the resolution of the Government creating the Innovation Agency and transferring innovation promotion functions from other agencies

[M 132] Entry into force of the revised smart specialisation concept
(1) Public sector and taxation: 3 milestones completed

[M 146] Delivery of the study on the effectiveness of personal income taxation and social insurance contributions in reducing poverty and income inequality

[M 152] Amendments to the rules on the preparation and implementation of public-private partnerships

[M 168] Completion of automation of two business processes carried out by the State Tax Inspectorate
(2) Public sector and taxation: 2 milestones not satisfactorily fulfilled

[M 144] Delivery of the proposals to expand environmental taxes and taxation of other sources less detrimental to economic growth on the basis of an in-depth analysis to the parliament
Reducing inequality and employment support

[M 182] Introducing an additional benefit for disabled and elderly single persons

[M 185] Setting up an accreditation scheme for social care

[M 188] Entry into force of the legislation governing the employment support schemes promoting entrepreneurship and support for learning that provides high value-added qualifications and competences, with a focus on digital and green transition
Audit & Control

[M 179] Repository system: information for monitoring implementation of RRP: audit report confirming repository system functionalities

- An unqualified opinion on the temporary repository system (pending completion of the new IT tool INVESTIS) has been issued by LT’s audit authority.

- However, as the audit body was not able to test the real data in the system, the functioning of temporary systems was verified by requesting data under Article 22.2.d.i to 22.2.d.iii of the RRF Regulation for selected measures and an online demonstration of the repository system.

- In order to ensure continuous compliance with the milestone as well as Lithuania’s obligations under the Financing Agreement future commitment, to be fulfilled by the next payment request, has been agreed with Lithuania – in line with the practice followed for several other Member States before.
How do the milestones under the 1\textsuperscript{st} payment request relate to future milestones/targets?

- 26 out of 33 milestones represent initial steps of reforms or investments and have one or more milestones or targets in the future;
- 1 milestone (M179) is the only step and completes the measure F.1.9 on the “Repository system for audit and controls”
- The remaining 6 milestones are the only milestones of the sub-measure:
  - [M 21] Entry into force of the legislation to improve institutional and legal mechanisms to promote the production, transmission and consumption of electricity from renewable sources
  - [M 126] Entry into force of the legal act establishing the science policy implementing agency
  - [M 132] Entry into force of the revised smart specialisation concept
  - [M 155] State Tax Inspectorate and Customs obtain data on vehicle owners from the vehicle owners’ accounting system
  - [M 168] Completion of automation of two business processes carried out by the State Tax Inspectorate
  - [M 185] Setting up accreditation scheme for social care
Next steps in the implementation of the Lithuanian RRP
Two parallel processes: positive assessment and suspension

Planned calendar for positive assessment

| EPC discussion | Monday 13 March |
| EFC discussion | Monday 27 March |
| Comitology meeting | mid- to late April |

Planned calendar for suspension

- LT has one month to submit observations to COM on its preliminary assessment that 2 milestones are not satisfactorily fulfilled
- Subject to LT’s observations, the Commission would adopt a specific suspension decision (no involvement of EFC or comitology)
- The suspension would be lifted if LT completes these milestones within 6 months

- The Commission has sent its preliminary assessment of Lithuania’s fulfilment of the milestones and targets to the EFC. The EFC’s opinion is to be delivered within four weeks.
- Taking the EFC opinion into account, the Commission will adopt a decision that will authorise the partial payment of the instalment, including the amount.
- The examination comitology procedure will be used for this adoption.
Looking ahead: 2nd payment request

<tr>
<td>Non-repayable support</td>
<td>16</td>
<td>2</td>
</tr>
</tbody>
</table>

- The second payment request covers milestones and targets due in Q3-Q4 2022. There are 16 milestones and 2 targets in this payment request, out of the 191 in the Lithuanian plan; 16 relate to reforms and 2 relate to investments.

- The second instalment (non-repayable support), amounts to EUR 322.8 million

- The milestones and targets are linked to key steps in the implementation of reforms and investments. Notably, they concern the areas of energy efficiency, education and health care, digitalisation in public and private sectors as well as taxation.
Thank you
