Energy Communities Repository

How will the Repository support energy communities?

- Data collection & analysis

- Technical assistance

- Best practices & toolbox

- Website & communications

Data collection & analysis

- ☐ map energy communities in the EU

- ☐ assess the impact of the energy communities mapped

- ☐ policy analysis (incl. enabling frameworks)

© TheAndrasBarta (Pixabay)

Technical assistance

- 25 communities will receive **direct technical support**

- 50 communities will receive support via **online twinning & peer learning**

- 80 communities will receive support via **national capacity building workshops**

- 6 **EU-wide capacity building webinars**
