

EUROPEAN COMMISSION
DIRECTORATE-GENERAL FOR MIGRATION AND HOME AFFAIRS

The Director-General

Brussels

Dear Petitioner,

This is to reply to your mail sent to numerous Cabinets of Members of the European Commission.

We note that the submission attached to your mail is, in substance, the input to a purely national Norwegian consultation, conducted by the Norwegian Ministry of Justice (Justis- og beredskapsdepartementet) in view of establishing a national position on the Commissions' recent proposal for amending the Schengen Borders Code¹.

The text of this submission is clearly addressed to the Norwegian "Justis- og beredskapsdepartementet" and not to the European Commission.

In view of these facts and taking into account that it is Commission policy to refrain from commenting or interfering in an ongoing purely national consultation procedure, I will not comment on the assertions and judgments expressed in your submission.

Yours faithfully,

(e-signed)

Monique PARIAT
