07/06/2024

To: Paolo Gentiloni  
Commissioner for Economy  
European Commission

**Subject: Letter of 07/06/2024 on the agreement to the modification of the Operational Arrangements between the European Commission and Greece**

Dear Commissioner Gentiloni,

Article 20(6) of Regulation (EU) 241/2021 of the European Parliament and of the Council of 12 February 2021, establishing the Recovery and Resilience Facility<sup>1</sup> (the "RRF Regulation") establishes that the Commission and Greece should enter into Operational Arrangements to further specify the elements mentioned in the Council Implementing Decision of 13 July 2021 on the approval of the assessment of the recovery and resilience plan for Greece (ST 10152/21, ST 10152/21 ADD 1), (the "Council Implementing Decision").

On 21 December 2021, the Operational Arrangements between the Commission and Greece (the "Parties") entered into force. According to Clause 4 of those Operational Arrangements, the Parties may modify the Operational Arrangements by mutual consent through an exchange of letters.

In accordance with Article 20(1) of the RRF Regulation, on 31 August 2023, Greece submitted to the Commission a modified recovery and resilience plan (the "modified RRP"), including a REPowerEU chapter in accordance with Article 21c of the RRF Regulation. Following the submission of the modified RRP by Greece, the Commission proposed its positive assessment to the Council. The Council approved the positive assessment by means of the Council Implementing Decision of 8 December 2023<sup>2</sup>. Following the entry into force of this Council Implementing Decision, the Parties should amend the Operational Arrangements to further specify the elements mentioned therein.

For this purpose, on 07/06/24, Greece and the Commission services agreed to the modifications to the Operational Arrangements as set out in the Annex to this letter, which take into account the Council Implementing Decision of 8 December 2023. On this basis, Greece hereby requests the

<sup>(1)</sup> Regulation (EU) 2021/241 of the European Parliament and of the Council of 12 February 2021 establishing the Recovery and Resilience Facility, OJ L 057 18.2.2021, p. 17.

<sup>2</sup> ST 15831/23 REV1, ST 15831/23 ADD 1 REV 1

Commission to formalise its agreement by replying in writing to this letter. For the purpose of identifying the changes, a courtesy version containing track changes to the modified Operational Arrangements has been attached to this letter.

The modification shall enter into force on the date on which European Commission communicates its written agreement.

Yours sincerely,

**Nikolaos Papathanasis**

**Alternate Minister of Economy and Finance**

**Annex:Operational Arrangements**

## ANNEX II

### Recovery and Resilience Facility

#### First modification to the

#### Operational arrangements between the European Commission and Greece

[The modification to the Operational Arrangements shall enter into force on the date of receipt of the European Commission's agreement in writing.]

This modification to the Operational Arrangements is made by and between

the European Union, represented by the European Commission,  
hereinafter referred to as “**the Commission**”

and

The Hellenic Republic, represented by the Alternate Minister of Economy and Finance, Mr Nikos Papathanasis,

hereinafter referred to as “**the Member State**”,

hereinafter jointly referred to as the “Parties” and each of them a “Party”

The Parties have agreed the following:

Operational Arrangements of 21 December 2021 between the European Commission and Greece are modified as follows:

- (1) In Section 2: Arrangements for access to data
  - (a) Clause 2.2 is replaced by the by the following:

Annex I specifies the minimum information (i.e. verification mechanisms) that supports the due justification of the request for payment. Greece shall send this information to the Commission together with the payment request. Where relevant, the Commission may

request samples of the evidence. In accordance with Article 24(3) of the RRF Regulation, the satisfactory fulfilment of milestones and targets shall presuppose that measures related to previously satisfactorily fulfilled milestones and targets have not been reversed by the Member State. Greece shall notify the Commission of any change in the documentation on which that assessment was made, which is of a material nature to affect such assessment or the assessment of future milestones and targets.

(2) In Section 3: Timeline for payment requests

(a) The table for Financial Contribution is replaced by the following:

<i>Payment Request for the First Instalment</i>	<i>EUR 1 974 438 067</i>	<i>Q4 2021</i>
<i>Payment Request for the Second Instalment</i>	<i>EUR 1 974 438 067</i>	<i>Q3 2022</i>
<i>Payment Request for the Third Instalment</i>	<i>EUR 1 974 438 067</i>	<i>Q2 2023</i>
<i>Payment Request for the Fourth Instalment</i>	<i>EUR 1 155 362 463</i>	<i>Q2 2024</i>
<i>Payment Request for the Fifth Instalment</i>	<i>EUR 1 557 198 947</i>	<i>Q4 2024</i>
<i>Payment Request for the Sixth Instalment</i>	<i>EUR 2 439 692 495</i>	<i>Q2 2025</i>
<i>Payment Request for the Seventh instalment</i>	<i>EUR 1 948 335 236</i>	<i>Q4 2025</i>
<i>Payment Request for the Eighth Instalment</i>	<i>EUR 1 696 474 735</i>	<i>Q2 2026</i>
<i>Payment Request for the Ninth Instalment</i>	<i>EUR 3 499 999 999</i>	<i>Q3 2026</i>

(b) The table for Loan is replaced by the following:

<i>Payment Request for the First Instalment</i>	<i>EUR 2 121 256 487</i>	<i>Q4 2021</i>
<i>Payment Request for the Second Instalment</i>	<i>EUR 2 121 256 487</i>	<i>Q3 2022</i>
<i>Payment Request for the Third Instalment</i>	<i>EUR 2 121 256 487</i>	<i>Q4 2023</i>
<i>Payment Request for the Fourth Instalment</i>	<i>EUR 2 534 514 342</i>	<i>Q2 2024</i>
<i>Payment Request for the Fifth Instalment</i>	<i>EUR 2 534 514 342</i>	<i>Q4 2024</i>
<i>Payment Request for the Sixth Instalment</i>	<i>EUR 2 534 514 342</i>	<i>Q2 2025</i>
<i>Payment Request for the Seventh Instalment</i>	<i>EUR 2 534 514 342</i>	<i>Q4 2025</i>
<i>Payment Request for the Eighth Instalment</i>	<i>EUR 1 225 712 091</i>	<i>Q3 2026</i>

(c) Annex I: Milestones, Targets and Related Indicators is replaced by the following Annex I.

(d) Annex II: Arrangements and Timetable for Monitoring is replaced by the following Annex II.

ANNEX I

**Milestones, targets and related indicators – non-repayable support**

*As indicated in the Annex of the Council Implementing Decision, all amounts in the table below do not include VAT.*

#	Related measure (reform or investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Date for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Milestone and target description
					Unit	Base line	Goal	Q	Year				
1	1 - 1.1. Power up - 16870_ Interventions for the electricity interconnection of islands and the upgrading of the electricity network	Milestone	Interconnection of islands — contract awards	Notification of award of all contracts				Q2	2023	Ministry of Environment and Energy		Summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled. This document shall include as an annex the following documentary evidence:  a) Copy of contract(s) award notification b) extract of the relevant parts of the technical specifications of the project proving alignment with the description of the milestone and investment in the CID;	Notification of the award of all contracts by Independent Power Transmission Operator (IPTO) for the complete installation of: 1) Naxos - Thira cable connection; 2) Extra High Voltage Cable (EHVC) Koumoundoros – Korinthos (parts 1 and 2); and 3) Substations Milos, Folegandros, Serifos and cable connections Lavrio-Serifos, Serifos-Milos, Milos-Folegandros, Folegandros-Thira.
2	1 - 1.1. 													specifically the EIA Directive and, for sites/operations located in or near biodiversity-sensitive areas, Articles 6(3) and 12 of the Habitats Directive, and Article 5 of the Birds Directive.
373	21 - 5.2 REPowerEU investments - 16997_Promotion of CCS technologies to foster industry decarbonisation	Milestone	Completion of the works for the investments	Certificate confirming completion of works				Q4	2025	Ministry of Environment and Energy		Summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled. This document shall include as an annex the following documentary evidence.  a) certificate of completion of all works (in accordance with the FEED study and the relevant specifications) issued  b) report by an independent auditor endorsed by the Ministry of Environment and Energy, verifying the completion of the carbon transportation including acceptance of the works and successful operational testing as well as	Completion of the works for the carbon transportation component according to the FEED study and the relevant specifications.  The completion of the carbon transportation works shall be accompanied by the acceptance of the works and successful operational testing, verified by an independent auditor.

#	Related measure (reform or investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Date for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Milestone and target description
					Unit	Base-line	Goal	Q	Year				
											justification that the technical specifications of the project(s) are aligned with CID's description of the investment and milestone.		

ANNEX II

**Arrangements and Timetable for Monitoring**

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
<b>Top investment 1</b>									
1	16870_Interventions for the electricity interconnection of islands and the upgrading of the electricity network	Milestone	Interconnection of islands – contract awards	Notification of award of all contracts				Q2	2023
1.1	Interim Step	Monitoring	Competition notice published for the award of the contract(s)					Q2	2022
2	16870_Interventions for the electricity interconnection of islands and the upgrading of the electricity network	Milestone	Interconnection of islands – progress of works	Confirmation of acceptance by the IPTO of the cable laying works, approval of tests, and certification of progress for the completion of 50% of EHVC Koumoundouros – Korinthos (parts 1 and 2)				Q2	2025
2.1	Interim Step	Monitoring	Report providing evidence of progress on the execution of the actions in compliance with the description of the measure in the CID annex.					Q2	2024

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
3	16870_Interventions for the electricity interconnection of islands and the upgrading of the electricity network	Milestone	Interconnection of islands — completion	Successful start of operation/electrification certified by IPTO; issuance of Successful Trial Operation Certificates				Q4	2025
<b>Key reform 1</b>									
4	16865_Restructuring and enhancement of the RES CHP Account revenues	Milestone	RES account — legislation to amend L. 4001/2011; entry into force of all relevant decisions, including codes, by ministries, by the National Regulatory Authority (RAE) and by the Administrator of Renewable Energy Sources and Guarantees of Origin (DAPEEP).	Entry into force of legislation and relevant executive decisions.				Q2	2022
4.1	Interim step	Monitoring	Completion of public consultation on draft legislation. Necessary regulatory decisions identified and outlined.					Q1	2022
5	16860_Streamline the efficient operation of the new electricity market model and the development of new RES plants to reach NECP targets through the implementation of monitoring	Milestone	RES account — market reforms and simplification of licensing	Entry into force of all relevant legislation, including ministerial decisions, and regulatory framework by RAE and DAPEEP				Q2	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
	mechanism, the participation of demand response and an extensive reform of the licensing procedure for new RES								
5.1	Interim step	Monitoring	Completion of public consultation on draft legislation. Necessary regulatory decisions identified and outlined.					Q1	2022
6	16865_Restructuring and enhancement of the RES CHP Account revenues	Target	RES account — capacity increase target 1		New capacity (GW) of renewable energy sources put in operation	0	1	Q2	2023
7	16865_Restructuring and enhancement of the RES CHP Account revenues	Target	RES account — capacity increase target 2		New capacity (GW) of renewable energy sources put in operation	1	2	Q2	2024
8	16865_Restructuring and enhancement of the RES CHP Account revenues	Target	RES account — capacity increase target 3		New capacity (GW) of renewable energy sources put in operation	2	3	Q2	2025
<b>Group 1</b>									
9	16871_Revitalization actions of the most affected territories (Just transition territories)	Milestone	Land rehabilitation — framework law	Entry into force				Q1	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
10	16871_Revitalization actions of the most affected territories (Just transition territories)	Milestone	Land rehabilitation — urban plans	Ministry of Environment to certify approval of all Special Urban Plans;  Notification of award of contracts				Q1	2024
10.1	Interim Step	Monitoring	Draft Special Urban Plans submitted to the Ministry of Environment for approval.					Q1	2023
11	16926_Support of the installation of storage systems to enhance RES penetration	Milestone	Storage — contracts	Notification of award of all contracts				Q2	2023
11.1	Interim Step	Monitoring	Competition notice published for the award of the contract(s)					Q2	2022
12	16901_HEDNO network upgrades aiming at enhancing resilience and protecting the environment	Milestone	HEDNO — contracts 1	Notification of award of all contracts				Q4	2023
12.1	Interim Step	Monitoring	Competition notice published for the award of the contract(s)					Q4	2022
13	16900_HEDNO overhead network upgrading in forest areas	Milestone	HEDNO — contracts 2	Notification of award of all contracts				Q4	2023
13.1	Interim Step	Monitoring	Competition notice published for the award of the contract(s)					Q4	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
14	16899_Installed capacity increase in Hellenic Electricity Distribution Network Operator (HEDNO) HV/MV substations for new RES connection	Milestone	HEDNO — contracts 3	Notification of award of all contracts				Q4	2023
14.1	Interim Step	Monitoring	Competition notice published for the award of the contract(s)					Q4	2022
15	16871_Revitalization actions of the most affected territories (Just transition territories)	Target	Land rehabilitation — completion		Land rehabilitation (ha)	0	9 700	Q4	2025
15.1	Interim Step	Monitoring	Completion of land rehabilitation for 15% (1455ha) of the land					Q4	2023
16	16926_Support of the installation of storage systems to enhance RES penetration	Milestone	Energy Storage — completion	IPTO to certify entry into operation of energy storage projects for up to 1 380 MW of storage installed				Q4	2025
16.1	Interim Step	Monitoring	Issuance of the Installation permit for Amfilochia					Q3	2024
16.2	Interim Step	Monitoring	Completion of at least 30% of installation works for the Amfilochia PHS project and Issuance of all relevant installation permits and licenses for all the rest storage systems					Q3	2024

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
17	16901_HEDNO network upgrades aiming at enhancing resilience and protecting the environment	Milestone	HEDNO — completion 1	HEDNO to provide evidence of project completion for all interventions related to upgrades for resilience and environment, and entry into operation certificates				Q4	2025
17.1	Interim Step	Monitoring	Completion of at least 50% of installation works.					Q4	2024
18	16900_HEDNO overhead network upgrading in forest areas	Milestone	HEDNO —completion 2	HEDNO to provide evidence of project completion for all interventions related to overhead network upgrades in forest areas, and entry into operation certificates				Q4	2025
18.1	Interim Step	Monitoring	Completion of at least 50% of installation works.					Q4	2024
19	16899_Installed capacity increase in Hellenic Electricity Distribution Network Operator (HEDNO) HV/MV substations for new RES connection	Milestone	HEDNO — completion 3	HEDNO to provide evidence of project completion for all interventions related to capacity increase of HV/MV substations and entry into operation certificates				Q4	2025
19.1	Interim Step	Monitoring	Completion of at least 50% of installation works.					Q4	2024
<b>Top investment 2</b>									
20	16872_Energy renovation on residential buildings	Milestone	Residential renovation – 1st round launch	Entry into force of a Joint Ministerial Decision				Q4	2020

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
21	16872_Energy renovation on residential buildings	Milestone	Residential renovation – 2nd round launch including energy poor households	Entry into force of a Joint Ministerial Decision				Q3	2022
21.1	Interim Step	Monitoring	Definition of actions to be part of the sub-program aiming to provide support to energy poor households.					Q2	2022
22	16872_Energy renovation on residential buildings	Milestone	Residential renovation – 3rd round launch including energy poor households	Entry into force of a Joint Ministerial Decision				Q4	2022
23	16872_Energy renovation on residential buildings	Target	Residential renovation – renovation of residences #1		Number of certified renovations completed	0	8 000	Q4	2023
24	16872_Energy renovation on residential buildings	Target	Residential renovation – renovation of residences #2		Number of certified renovations completed	8 000	50 000	Q4	2024
24.1	Interim Step	Monitoring	Residential renovation – 2nd round: Evaluation and approval of applications.					Q1	2023
25	16872_Energy renovation on residential buildings	Target	Residential renovation – green energy produced for energy poor households		New capacity (MW) of renewable energy sources put in operation by energy communities	0	150	Q4	2025
26	16872_Energy renovation on residential buildings	Target	Residential renovation – renovation of residences #3		Number of certified renovations completed	50 000	105 000	Q4	2025
26.1	Interim Step	Monitoring	Residential renovation – 3rd round: Evaluation and approval of applications					Q4	2023

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
<b>Key reform 2</b>									
27	16879_Preparation of Urban Plans in implementation of the urban policy reform	Milestone	Urban Plans award	Notification of award of contracts				Q4	2022
27.1	Interim Step	Monitoring	Competition notice for the award of 30% of all contracts, in compliance with climate intervention field of this measure.					Q1	2022
28	16879_Preparation of Urban Plans in implementation of the urban policy reform	Milestone	Urban Plans award	Notification of award of contracts				Q4	2023
28.1	Interim step	Monitoring	Competition notice for the award of the remaining 70% of all contracts					Q4	2022
29	16879_Preparation of Urban Plans in implementation of the urban policy reform	Target	Completion of urban planning		Number of municipal units for which the projects have been completed	0	750	Q4	2025
30	16894_Establishment of new special spatial planning for RES, industry, tourism and aquaculture	Milestone	Adoption of Special Spatial Frameworks	Adoption of four special spatial frameworks for Renewable Energy Sources (RES), Tourism, Industry and Aquaculture				Q4	2025
30.1	Interim Step	Monitoring	Studies received and approved by Central Council of Urban Issues and Disputes (included in subprojects 1,2,3 and 4)					Q4	2024

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
31	16891_Establishment of new maritime spatial planning	Milestone	Adoption of maritime strategy	New maritime spatial strategy adopted				Q4	2025
31.1	Interim Step	Monitoring	Entry into force of law introducing a National Strategy for Maritime Spatial Planning					Q4	2022
<b>Group 2</b>									
32	16920_Energy poverty action plan	Milestone	Energy poverty – adoption of action plan	Entry into force of a Ministerial Decision by the Ministry of Environment and Energy.				Q3	2021
33	16874_Energy and entrepreneurship	Milestone	Energy efficiency private sector – applications approved	Notification of awards for approved applications by the Ministry of Environment and Energy of selected interventions at private sector entities.				Q2	2023
33.1	Interim Step	Monitoring	Programme launch: a (Joint) Ministerial Decision comes into effect covering (i) implementation guide complying with the climate intervention field; (ii) confirmation of intermediary body, (iii) electronic platform operational.					Q3	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
34	16876_Energy upgrade of public sector buildings	Milestone	Energy efficiency public buildings – applications approved	Notification of awards for approved applications by the Ministry of Environment and Energy of selected interventions at public sector buildings.				Q2	2023
34.1	Interim Step	Monitoring	Programmes launched for energy renovation of at least 150 public buildings.					Q2	2022
35	16876_Energy upgrade of public sector buildings	Target	Energy efficiency public buildings – completed and street lighting points upgraded		Number of buildings with completed interventions Number of upgraded street lighting points	0	150 buildings 100 000 street lighting points	Q4	2025
35.1	Interim Step	Monitoring	Notification of contracts of renovation works for public buildings. Locations of street lighting points to be upgraded are confirmed.		Number of buildings with completed interventions Number of upgraded street lighting points	0	150 buildings 100 000 street lighting points	Q2	2024
36	16874_Energy and entrepreneurship	Target	Energy efficiency private sector – completed #2		Number of private sector entities with completed interventions	0	9 700	Q4	2025
<b>Group 3</b>									
37	16932_Olympic Athletic Center of Athens	Milestone	OAKA – Contract award	Notification of the award of the contract(s)				Q1	2023
37.1	Interim Step	Monitoring	Launch of call for proposals					Q2	2022
38	16873_Green Interventions - Interventions in residential areas and in the building stock	Milestone	Urban interventions - contract awards	Notification of the award of contract(s)				Q2	2023

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
38.1	Interim Step	Monitoring	Launch of call for proposals for sub-measures (i), (ii) and (iii) is published.					Q3	2022
39	16932_Olympic Athletic Center of Athens	Milestone	OAKA – completion of works	Completion of all works for these subprojects confirmed by signing of completion form by construction supervisor.				Q4	2025
40	16873_Green Interventions - Interventions in residential areas and in the building stock	Milestone	Urban interventions – completion of all works	Completion of works and services confirmed by signing of completion form by construction supervisor.				Q4	2025
41	16875_Infrastructure development and buildings' restoration in former royal estate in Tatoi	Milestone	Tatoi – completion of all works	Completion of works and services confirmed by signing of completion form by construction supervisor				Q4	2025
41.1	Interim Step	Monitoring	Award notice for all contracts					Q3	2023
<b>Key reform 3</b>									
42	16281_Framework for installation and operation of EV charging infrastructure	Milestone	Charging points for electric vehicles – Entry into force of legal framework	Entry into force of Ministerial Decisions adopted.				Q3	2021
43	16281_Framework for installation and operation of EV charging infrastructure	Target	Charging points for electric vehicles – local plans approved		Number of plans adopted by the Ministry of Environment and Energy		300	Q4	2022
43.1	Interim Step	Monitoring	Legal provisions adopted and have come into effect: (i) primary/secondary legislation on simplifying					Q2	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
			the necessary permitting process and allow for publicly accessible charge points to be installed especially in public areas; and (ii) specifications/requirements for training of EV technicians.						
<b>Group 4</b>									
44	16924_Electric Busses_Electromobility	Milestone	Public transport – Entry into force of market regulation for Public Service Obligation (busses)	Entry into force of revised legal framework.				Q4	2021
45	16924_Electric Busses_Electromobility	Milestone	Public transport – implementation of new market regulation for Public Service Obligation (busses)	Entry into force of secondary legislation related to revised legal framework.				Q3	2022
46	16831_Produc- E Green	Milestone	Industrial Units– launch of programme	Entry into force of Ministerial Decision(s).				Q4	2022
47	16924_Charging Points_Electromobility	Milestone	Electric vehicles charging points – launch of programmes	Entry into force of Ministerial Decision(s).				Q4	2022
48	16924_Electric Busses_Electromobility	Milestone	Sustainable transport – feasibility study	Entry into force of a Joint Ministerial Decision adopting the Feasibility Study for an eMobility Agency.				Q4	2022
48.1	Interim step	Monitoring	Submission to the European Commission of the feasibility study, including options for establishment of an eMobility Agency.					Q3	2022

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
49	16924_Charging Points_Electromobility	Milestone	Charging points for electric vehicles – installation locations confirmed	Notification of award by the Ministry of Infrastructure and Transport of approved application				Q4	2023
50	16831_Produc- E Green	Milestone	Industrial Units– companies selected	Notification of award by Ministry of Environment and Energy of approved applications				Q4	2023
51	16831_Produc- E Green	Milestone	Carbon Capture and Storage (CCS) – storage permission	Issuance of the storage permit and establishment of a reporting system.				Q2	2024
51.1	Interim Step	Monitoring	Carbon Capture and Storage (CCS): submission of the application for the permission.					Q2	2023
45a	16924_Electromobility	Milestone	Public transport - launch of procurement procedures for bus operators through the publication of the relevant calls for all regions	Procurement procedures launched – through the publication of the relevant calls for all regions.				Q4	2024
52	16924_Electric Busses_Electromobility	Target	Busses and taxis – replacement with electric ones		Number of old taxis and busses scrapped by an Authorised Treatment Facility and replaced with battery electric vehicles or electric busses	0	1 990	Q4	2025

Sequential number	Related Measure (Reform or Investment)	Milestone / Target / Monitoring	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Timeline for completion (indicate the quarter and the year)	
					Unit of measure	Baseline	Goal	Quarter	Year
52.1	Interim Step	Monitoring	Electric buses: contract signed with contractor.					Q2	2022
53	16831_CCS_Produc- E Green	Milestone	CCS – operation certificate issued	Issuance of a certificate of operation for the Carbon Capture and Storage.				Q4	2025
54	16831_Industrial Units_Produc- E Green	Milestone	Industrial units – operating	Completion certified by report of the Ministry of Environment and Energy on fully operational industrial units				Q4	2025
55	16924_Charging Points_Electromobility	Target	Charging points for electric vehicles – installations completed		Installed power capacity (kW) as confirmed by the Ministry of Infrastructure and Transport	0	300 000	Q4	2025
55.1	Interim Step	Monitoring	Charging points for electric vehicles – installations completed		Installed power capacity (kW) as confirmed by the Ministry of Infrastructure and Transport		101.250	Q2	2025
<b>Key reform 4</b>									
56	16772_Waste management law for the implementation of	Milestone	Entry into force of waste management law	Entry into force of legislation				Q3	2021
