- **Frederik Wisselink**, Energy Envoy, Ministry of Economic Affairs and Climate of the Netherlands

Moderation: **Chris Davies**, former MEP and rapporteur of the CCS Directive

1100 **Networking break**

1130 Discussion Panel 2: A CCS and CCU vision for Europe

The discussion will focus around the issue paper prepared by the Forum Working Group on CCUS Vision.

Scene setter: Christopher Jones, Florence School of Regulation

- **Pavan Chilukuri**, CCUS Lead, Holcim
- **János Hidi**, Sustainable Investment Manager, Cambridge Econometrics
- **Kalle Saarimaa**, Vice President at Fortum Recycling & Waste

Moderation: **Alessia Virone**, Clean Air Taskforce

1210 Discussion Panel 3: Carbon dioxide removals – new frontier

The discussion will focus on carbon removals, technology that could become instrumental in meeting the 2050 climate and energy objectives.

- **Oliver Geden**, Senior Fellow, SWP & Lead Author IPCC AR6
- **Mona Mølnevik**, Director of the Norwegian CCS Research Centre, SINTEF
- **Amy Ruddock**, Carbon Engineering – VP Europe and Middle East

Moderation: **Fabian Ramos**, European Commission

1240 **Lunch**

SESSION II: CO₂ infrastructure

1340 **Keynote speech: Will Webster**, Offshore Energies UK

1355 Discussion Panel 1: How to secure robust infrastructure for CO₂?

The discussion will focus around the issue paper prepared by the Forum Working Group on CO₂ infrastructure.

Scene setter: Per-Olof Granström, EU Director, Zero Emissions Platform

- **Piero Ercoli**, Head of Decarbonization Projects, SNAM
- **Grete Tveit**, Senior Vice President for Low Carbon Solutions, Equinor
- **Joep Sweyen**, EBN, Aramis project

Moderation: **Barbara Diz**, European Commission

1435 Discussion Panel 2: What regulation for CO₂ infrastructure?

The discussion will focus on the regulatory needs for an emerging market of CO₂ transport.

- **Pascal De Buck**, CEO of Fluxys
- **Bram Sommer**, Porthos CO₂ Transport & Storage
- **Lise Winther**, SVP Upstream Projects & Technologies at Yara

Moderation: **Chris Bolesta**, Directorate General for Energy, European Commission

1505 Discussion Panel 3: CO₂ storage – can we create a business case?

The discussion will focus on CO₂ storage. How to develop projects on time and budget and how to create viable business models.

Scene setter: Torgeir Stordal, Director General, Norwegian Petroleum Directorate

- **Pierre Girard**, Director of New Energy, Neptune Energy
- **Børre Jacobsen**, Managing Director at Northern Lights
