Yearly update on Fnac Darty's progress towards its Sustainable Consumption Pledge

Ivry, April 24th, 2024

Dear Madam, Sir,

A year ago, Fnac Darty pledged to respect a certain number of goals in the frame of the Consumer Summit. A year later, it is time for us to disclose our progress in relation to the objectives to which we committed ourselves, as we said we would. As a reminder we will go over every pledge made last year and present our yearly progress.

Pledge #1 – Measuring our carbon footprint and reducing our GHG emissions.

Fnac Darty pledged to reduce absolute scope 1 and 2 GHG emissions 50% by 2030 from a 2019 base year.

- In 2023, Fnac Darty **reduced** its absolute scope 1 and 2 GHG emissions **by 38%**, from a 2019 base year.

Fnac Darty also pledged to **reduce** scope 3 GHG emissions from use of sold products by **22%** per product sold over the same period.

- In 2023 Fnac Darty reduced its emissions from use of sold products by 10%, from a 2019 base.

Fnac Darty further pledged that 80% of its suppliers by emissions covering purchased goods and services will have science-based targets by 2026.

- In 2023, **60.5%** of Fnac Darty's suppliers by emissions covering purchased goods and services already have science-based targets.

Pledge #2 – Measuring environmental performance of products sold and working toward a more sustainable offer.

Fnac Darty pledges to achieve a “sustainability score” of 135 by 2025, compared to 100 in 2019.

- In 2023, our « sustainability score » pursued its growth by reaching **118** compared to 100 in 2019.

Pledge #3 – Increasing circularity of our activities by promoting repair over replacement

The Group pledges to reach 2M Darty Max subscribers by 2025 (vs. 500,000 in 2021) and to repair 2.5M products by 2025 (vs. 2.1M in 2021).

- In 2023, the group reached **1.125M Darty Max** subscribers and already repaired **2.5M products** during the year.

Pledge #4 - Publishing results and progress

Fnac Darty pledges to annually publish the targets and progress on all the above-mentioned sustainability pledges in its annual Non-Financial Declaration.

- As pledged, Fnac Darty publishes its progresses towards this target in its annual **Non-Financial Declaration** that can be accessed on its website.
