Audit and control – Protection of the EU’s financial interests

Audit and control systems:
• Robust processes and structures based on existing control system
• The “Commission interministérielle de Coordination des Contrôles” (CiCC) is appointed as the national audit and control coordinator.
• Further details on the system organisation and procedures for collecting data on monitoring indicators to be set out in a circular signed by the Prime Minister in coming months

Framework to protect against serious irregularities in the use of funds:
• Fraud
• Corruption
• Double funding
France does not intend to make a payment request in 2025
