 <p>9. Reasonable and plausible cost estimates</p> <p>B</p>	 <p>10. Robust control systems</p> <p>A</p>	 <p>11. Coherence</p> <p>A</p>	

Green transition

37.8% of plan allocated to **climate** objectives

Key reforms

- More sustainable electricity produced in the country
- Moving without polluting the environment
- Accelerating renovation of buildings and a sustainable urban environment
- Towards a circular economy

37.8%

DNSH: *No measure in the plan harms environmental objectives*

Key investments

- Increasing GHG absorption capacity
- Construction of onshore RES plants
- Purchase of clean vehicles by the public sector and business

Digital transition

- **31.5%** of plan allocated to **digital** objectives

31.5%

Key investments

- Digital connectivity and innovation
- Promotion of advanced digital technologies in the private sector

Sectors specific actions

- Public sector
- Connectivity
- Innovation

Key reforms

- Transformation of public information technology governance
- Ensuring the effectiveness of data management and open data
- E-government

Cross-border projects

- Contributing to cross-border projects (5G in the transport corridors Via Baltica and Rail Baltica)

Resilience

Social protection

- Training and entrepreneurship support scheme
- Increasing coverage of unemployment insurance scheme
- Minimum income reform

Health system

- Improving quality, accessibility and efficiency of healthcare system
- Promoting innovation and long-term care services

Public sector

- Improving tax compliance and broadening the tax base
- Enhancing the budgetary framework
- Improving business environment
- Improving HR management and development in the public sector

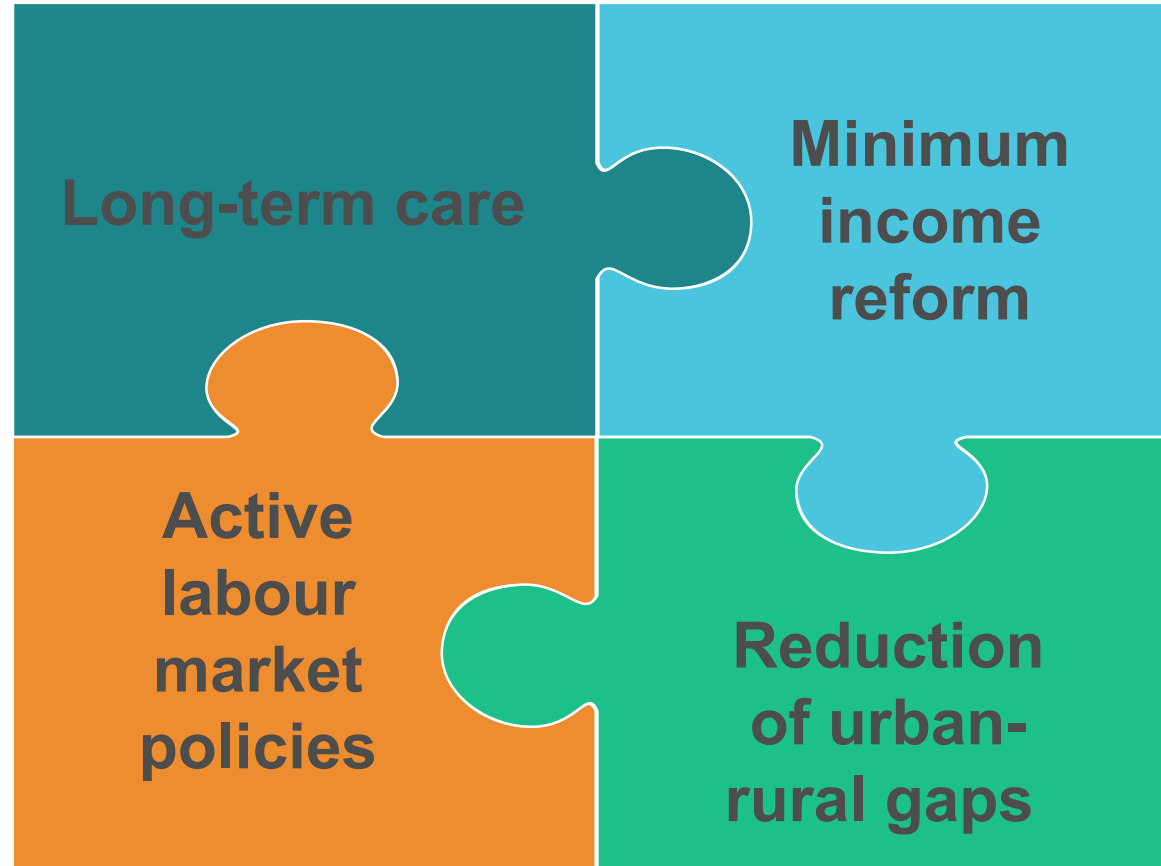

Education and research

- Improving the school network, the quality of education, vocational training and adult learning
- Improving R&I promotion and quality and efficiency of higher education sector

Social impact and equality screening

Audit and control – Protection of the EU's financial interests

Procedures to protect against serious irregularities in the use of funds:

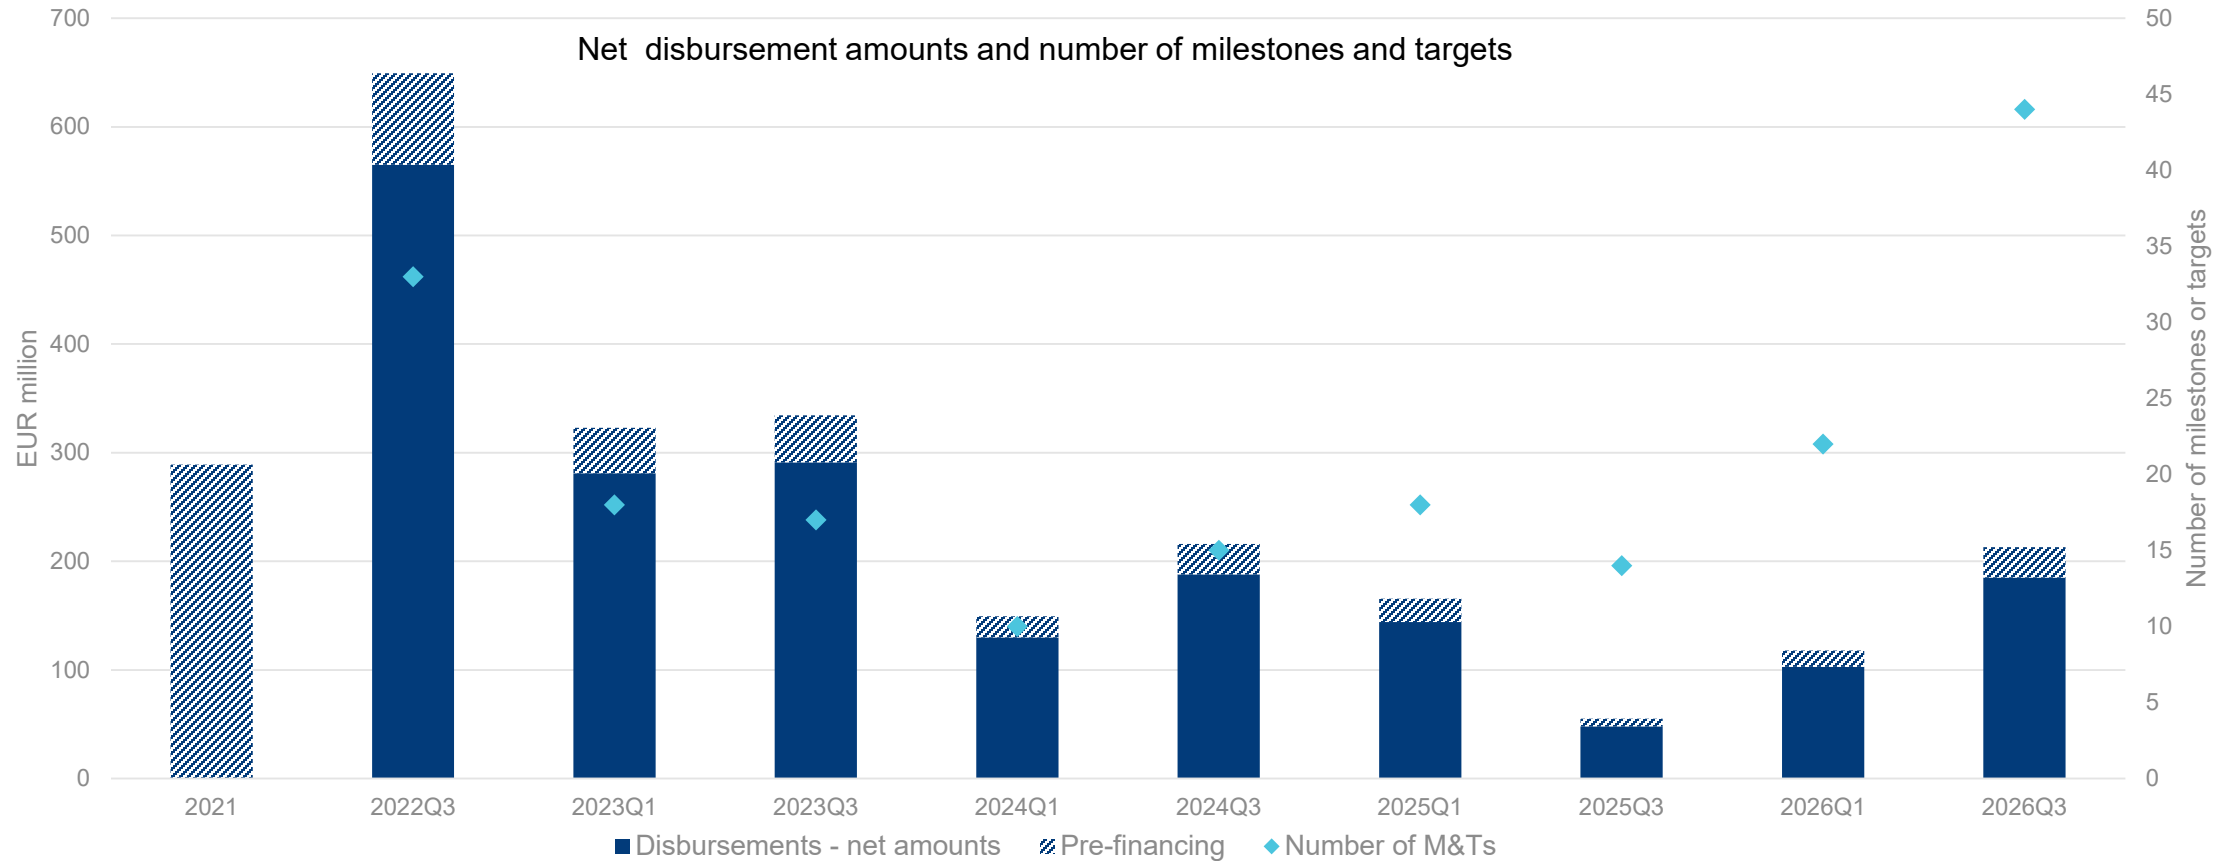

- Fraud
- Corruption
- Double funding

Audit and control systems:

- Sufficient and robust
- Largely based on ESIF arrangements and national strategic management system
- The Ministry of Finance performs the functions of Managing Authority and together with the Central Project Management Agency (CPMA) is responsible for the implementation
- The Audit Authority comprises two departments of the Ministry of Finance and is independent from other departments

Milestones & targets and instalments

Thank you

Background slides

Costing

- The plan includes **individual cost estimates for all measures**
- Cost breakdown is generally **detailed and well substantiated**
- The costs are to a **medium extent well justified, reasonable and plausible**
- Costs are for the most part **commensurate, and in line with the principle of cost-efficiency**
- A mechanism is in place to ensure **no double funding** from other EU programmes

Investing in people

Digital upskilling

- 21600 18-65 year old attend training within the LLL framework in order to improve their digital skills
- Reskill 500 pedagogical staff with IT competences

General education and VET

- Improving the school network, the quality of education, vocational training and adult learning

Skills for adults

- Introduce individual learning accounts and enterprise- and sector -based skills funds
- Train 19 350 adults

Higher education

- Improving R&I promotion and quality and efficiency of higher education sector
