CYPRUS¹

Provision of Regulat.2020/740 the national measure or sanction relates to	Types of infringement or non-compliance which give rise to measures or sanctions	Description of the arrangements for measures and sanctions	Reference of the national legislation, including a link to a site (s) where these measures are publicly available	Applicability of measures and sanctions (per infringement, non-compliance or per product)	Type of procedure (civil administrative, penal)
Article 4 Obligations of tyre suppliers	Suppliers failing to comply with the provisions of article 4 of the Regulation.	The competent authority may impose to the supplier failing to comply with the provisions of the <u>Regulation</u> administrative fine not exceeding twenty five thousand euros (€ 25.000), taking into account the nature, extent and duration of the infringement. In the event of a second or further infringement, taking into account the nature, extent and duration of the infringement the competent authority may impose	Article 8 for Administrative Fines and Articles 10(2) and 10(3) under a Criminal Procedure.	The measure is applied per infringement.	Administrative and Criminal Procedures.

¹ The labelling of tyres with respect to fuel efficiency and other parameters is regulated in Cyprus by Law N.30(I)/2002, specifying the basic requirements that should be met by specific product categories and more specifically by article 31B. The said article refers to the provisions of the Regulation (EC) No 1222/2009 of the European Parliament and of the Council of 25 November 2009 on the labelling of tyres with respect to fuel efficiency and other essential parameters. Moreover, article 31B of the Law defines the Competent Authority, article 52(3) defines the infringements, article 52(4) defines the criminal procedures and article 53 defines the administrative procedures and fines. Furthermore, article 2 provides for the application of the provisions of any legislative instrument that amends or replaces Regulation 1222/2009, i.e, Regulation (EU) 2020/740.

For an even better implementation and enforcement of Regulation (EU) 2020/740 and as an over and above measure, the Ministry of Energy, Commerce and Industry has prepared a new draft Law which is currently under legal vetting by the Law Office of the Republic. The text of the draft Law can be found on the webpage of the [Energy Service: Energy Service/ Public Consultation/Draft Law](#). The following table for the rules on penalties and enforcement mechanisms, applicable to infringements of the Regulation (EU) 2020/740, refers to the provisions of the draft Law. It has to be noted that the current legislation, Law N.30(I)/2002, is satisfactory for the implementation of Regulation (EU) 2020/740 and that the new legislation is for better regulation

Measures and sanctions implemented at national level in the context of market surveillance pursuant to Article 11.5 of Regulation (EU) 2020/740 of the EP and the Council on the labelling of tyres with respect to fuel efficiency and other parameters

		<p>administrative fine not exceeding fifty thousand euros (€50.000). In the event that the same infringement continues after the imposition of the administrative fine, the competent authority may impose a further fine up to one thousand euro (€1.000) per day.</p> <p>Criminal procedure may be initiated when a person commits an offense as described in article 10(2) of the draft Law. In the case of first conviction, a prison sentence, not exceeding 6 months, or a fine not exceeding thirty thousand euros (€30.000) or in both of these sentences could be imposed. In the case of a second or further conviction a prison sentence not exceeding one year, or a fine not exceeding sixty thousand euros (€60.000) or both of these sentences could be imposed.</p>
